The Jewish State:

Judenstaat Theodor Herzl, 1988-01-01 Founder of modern Zionism clearly forcefully advocates creation of a Jewish homeland Extremely influential Introduction Bibliography **A Jewish State** Theodor Herzl, 1917 **The Jewish State** Theodor Herzl, 2014-04-14 Zionism is Jewish ethno nationalism in its purest form The creation of the state of Israel is the most successfully executed plan to create an ethnically homogenous territory in modern history As such it is worth of study by any group seeking its own ethnically based homeland This book written in 1896 by the founder of the Zionist movement and thereby the de facto founder of Israel lays out the plan and route by which Jewish statehood was achieved Herzl describes in detail how the state was justified how the Jews would go about managing the physical occupation of the territory and the logistical steps which had to be taken in order to achieve a Jews only state In these times of demographic change in the West those seeking a solution to the impending crisis facing European man will do well to study this plan No matter what the current problems of Israel may be the reality is that it is a Jewish homeland majority occupied by Jews and a basis from which that people will be able to survive whatever racial demographic invasion might swamp the West European survival will depend upon the creation of geographic territorial enclaves and this book tells how it can be done Significantly Herzl points out that anti Semitism would be one of the biggest push factors which would drive Jews to the Zionist state This is of bearing to Europeans given what will be the increasingly anti white nature of many of the multi racial Western states This book is more than a historical document It is a manual a guidebook for those seeking to create an ethno state It should be read by all those serious about creating such a haven for the increasingly beleaguered European people

The Jewish State Theodor Herzl, 1946

The Jewish State Theodor Herzl, 2013-06-26

It is astonishing how little insight into the science of economics many of the men who move in the midst of active life possess Hence it is that even Jews faithfully repeat the cry of the Anti Semites We depend for sustenance on the nations who are our hosts and if we had no hosts to support us we should die of starvation This is a point that shows how unjust accusations may weaken our self knowledge But what are the true grounds for this statement concerning the nations that act as hosts Where it is not based on limited physiocratic views it is founded on the childish error that commodities pass from hand to hand in continuous rotation We need not wake from long slumber like Rip van Winkle to realize that the world is considerably altered by the production of new commodities The technical progress made during this wonderful era enables even a man of most limited intelligence to note with his short sighted eyes the appearance of new commodities all around him The spirit of enterprise has created them

Toward a New Israel Mordechai Nisan, 1992 This book represents an original interpretation of the state of Israel a Jewish political renaissance in the modern era It probes the meaning of Zionism in the historical context and examines critically the founding of the state its underlying principle themes and political orientation At root the analysis focuses on the secular ideological basis of Israel and the rejection in 1948 of any search for an authentic projection of the new state as a philosophical continuation of Judaism The book is organized primarily around the Jewish Arab completion and conflict in the land of Israel while the deeper philosophical and ideological topics provide a framework and context for Israel s collective political identity

Herzl's Vision Shlomo Avineri, 2017-03-14

Theodor Herzl had been a successful Viennese journalist and a less successful playwright with no political ambitions That changed in 1896 when he published *The Jewish State* The following year he convened a Zionist Congress in Basel Switzerland The Congress founded the Zionist Organization in order to establish a national home for the Jewish people in Palestine recognized and guaranteed by public international law As Herzl transformed himself in just a few years from writer and editor into the leader of an international political movement he learned politics and diplomacy on the run and to great effect In his efforts to gain broad support for his vision Herzl met with the Ottoman sultan the German emperor the king of Italy the pope British Russian and German ministers as well as a great number of other government and public opinion leaders of many European countries By the time of his early death in 1904 at the age of forty four Herzl had transformed Jewish public discourse and made the idea of a Return to Zion

into a reality albeit still a weak one in international politics *Theodor Herzl: the Jewish State (der Judenstaat)* Theodor Herzl, 2017-01-31 No human being is wealthy or powerful enough to transplant a nation from one habitation to another An idea alone can achieve that and this idea of a State may have the requisite power to do so The Jews have dreamt this kingly dream all through the long nights of their history Next year in Jerusalem is our old phrase It is now a question of showing that the dream can be converted into a living reality For this many old outgrown confused and limited notions must first be entirely erased from the minds of men Dull brains might for instance imagine that this exodus would be from civilized regions into the desert That is not the case It will be carried out in the midst of civilization We shall not revert to a lower stage we shall rise to a higher one We shall not dwell in mud huts we shall build new more beautiful and more modern houses and possess them in safety We shall not lose our acquired possessions we shall realize them We shall surrender our well earned rights only for better ones We shall not sacrifice our beloved customs we shall find them again We shall nor leave our old home before the new one is prepared for us Those only will depart who are sure thereby to improve their position those who are now desperate will go first after them the poor next the prosperous and last of all the wealthy Those who go in advance will raise themselves to a higher grade equal to those whose representatives will shortly follow Thus the exodus will be at the same time an ascent of the class THEODOR HERZL The Controversy of Zion Geoffrey Wheatcroft, 1996 After centuries of persecution and contempt European Jews were slowly emancipated in the nineteenth century This gave them a chance to become what they were never allowed to be before loyal citizens of the countries where they lived As the nineteenth century wore on however this emancipation proved to be an illusion The hatred once based on religion made way for a new and more insidious form of anti Semitism based on race and culture The Jew was still a stranger his position the more false and humiliating for his attempt to assimilate This was the Jewish Question to which at the end of the nineteenth century a drastic solution was proposed In 1896 Viennese journalist Theodore Herzl first coined the term Zionism for a movement to found a homeland where Jews could live free from his persecution In *The Controversy of Zion* Wheatcroft shows how Zionism proposed as an answer has instead raised many questions He examines in detail the debates over Jewish nationalism from the time of Herzl through Prime Minister Yitzhak Rabin s assassination in 1995 introducing a host of extraordinary characters Disraeli and Marx the early Zionists Hess and Herzl Jewish writers such as Karl Kraus anti Semites such as Belloc military Zionists such as Jabotinsky and noble spirited teachers such as Judah Magnes Today there is a Jewish state which is a source of healing pride for millions of Jews but also a source of anxiety Should they defend the religious zealots and right wing settlers who play an ever larger part in Israeli life Or is Israel increasingly irrelevant to the fabulous success story of the Jews of America This engaging and original book illuminates the current conflicts in the Middle East and the continuing Jewish dilemma **The Jewish State** Theodor Herzl, 2018-10-10 The Jewish State was a political pamphlet written by Zionist political theorist and playwright Theodor Herzl and was originally published in German in February 1896 and in

English later that year as translated by Sylvie d Avigdor The work outlines a solution for a Jewish state and is an important text in the early Zionist canon Wherein he argues that the best way to avoid anti Semitism in Europe would be to create an independent Jewish state and he advised that Jews purchase land in Palestine as first steps towards this goal *A Jewish State* Theodor Herzl, Sylvie D' Avigdor, 2018-10-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *The Jewish State* Theodor Herzl, 1989 **The Jewish State** Yoram Hazony, 2009-04-30 In what may be the most controversial book on Zionism and Israel published in the last twenty years Yoram Hazony graphically portrays the cultural and political revolt against Israel's status as the Jewish state Examining ideological trends in academia literature media law the armed forces and the foreign policy establishment Hazony contends that Israelis are preparing themselves for the final break with the Jewish past and the Jewish future In a dramatic new reading of Israeli history Hazony uncovers the story of how Martin Buber Gershom Scholem Hannah Arendt and other German Jewish intellectuals bitterly fought against the establishment of Israel and later used the Hebrew University as a base for deposing David Ben Gurion and discrediting Labor Zionism *The Jewish State* is a must read for anyone concerned with Israel's present and future *Israel in History* Derek Penslar, 2007-01-24 Covering topical issues concerning the nature of the Israeli state this engaging work presents essays that combine a variety of comparative schemes both internal to Jewish civilization and extending throughout the world such as modern Jewish society politics and culture historical consciousness in the twentieth century colonialism anti colonialism and postcolonial state building With its open ended comparative approach *Israel in History* provides a useful means of correcting the biases found in so much scholarship on Israel be it sympathetic or hostile This book will appeal to scholars and students with research interests in many fields including Israeli Studies Middle East Studies and Jewish Studies *A Jewish State* Theodor Herzl, 2015-02-26 **A Jewish State** Theodor Herzl, 2017-10-29 Excerpt from *A Jewish State* An Attempt at a Modern Solution of the Jewish Question The Jewish position became so critical in 1890 that Baron de Hirsch thought out his Argentine plans and began founding his colonies in the pampas grass districts of the spanish american Republic in order to aid the Jews to remove themselves from persecuted countries About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving
