The Last Escaper:

Escaper's Progress David James, 2009-04-21 A British naval officer details life as a prisoner of war and his courageous and suspenseful escape attempts during World War II David James was in Motor Gunboats with Robert Hitchens of Gunboat Command Captured in February 1943 after abandoning ship due to fierce engagement with three German armed trawlers in the North Sea he was imprisoned in Dulag Marlag His first tunnel was discovered before completion In December 1943 he succeeded in escaping during the weekly bath house visit and was on the run for almost a week disguised as an officer of the Royal Bulgarian Navy He was captured after several close calls while attempting to board a ship at Lubeck In February 1944 he escaped again this time dressed as a Swedish sailor and traveled by train to Bremen Hamburg Lubeck Rostock finishing up in Danzig all the while searching for a suitable ship He eventually succeeded in reaching Stockholm after two and a half days in the extreme heat of a ship's engine room His superbly written narrative is full of suspense and excitement **Wind**

in the Wires and an Escaper's Log Duncan Grinnell-Milne, 2016-11-11 Duncan Grinnell Milne was one of that select band of young men who made history in the air between 1915 and 1918 when they learned to fly in machines that resembled box kites and laid the foundations of aerial combat which future generations would follow He became a flying ace with six confirmed aerial victories and he spent two years as a prisoner of war before escaping from German captivity to fly and fight again He took part in the great aerial offensive of 1918 which contributed to the winning of the war His story of the war in the air is one of the most exciting accounts by a pilot of the Royal Flying Corps it is also one of the best written and ninety years after it was first published it is a classic of its kind Endorsements We have no hesitation in ranking it with the very best of the war books Daily Telegraph Wind in the Wires is a war book in class by itself From beginning to end the book a lure to read outstanding Flight An addition to the number of books about flying needs more excuse than the mere subject of air fighting This book is excused by the charm of the author's style by his judgement in pruning his story and by the interest which his own personality arouses Manchester Guardian The most beautiful air book that has yet appeared Birmingham Post The most interesting and attractive quality of the book is the fact that it gives a graphic account of the fledgling days of wartime flying When the time comes for the great writer of the future to compose a comprehensive narrative of the war this is one of the books that will help him acquire a true perspective Nottingham Guardian **An Escaper's Log** Duncan William Grinnell-Milne, 1926 **Military Review**, 2015 **Professional Journal of the United States Army**, 2015

Spitfire Pilot Air Commodore Geoffrey Stephenson John Shields, 2024-11-30 Under cloudless blue skies the Oakwood Cemetery Annex in Montgomery Alabama hosts the largest Commonwealth War Graves Commission cemetery in the United States Most of the graves contain young RAF trainee pilots killed during their flying training at nearby Maxwell and Gunter airfields during the Second World War However there is another grave located at the edge of the plot not from the early 1940s but from 1954 The grave marks the final resting place of a 44 year old senior RAF officer Air Commodore Geoffrey

Stephenson CBE It begs the questions who was he and why is he buried there This book sets out to answer both these questions As a result this is the remarkable story of not only Stephenson s life but the people planes and places that would leave an indelible mark on a seasoned fighter pilot After growing up in Lincolnshire and Ireland 18 year old Stephenson joined the RAF in 1928 alongside Douglas Bader who would become a life long friend After leaving Cranwell the pair both joined 23 Squadron In the 1930s Stephenson rose through the ranks to command 19 Squadron a Duxford based Spitfire unit that would see his baptism of fire over Dunkirk in late May 1940 Following the downing of a Junkers Ju 87 Stuka Stephenson was himself shot down and crash landed on the beach at Sangatte After a brief period on the run in France and Belgium Stephenson was taken into captivity spending the next five years as a prisoner of war ending up at the iconic Colditz Castle where ironically he was reunited with his old friend Bader Upon his release in April 1945 Stephenson quickly resumed his RAF career commanding instructing and flying the latest jet fighters both at home and overseas He was aide de camp to two monarchs including escorting a young Queen Elizabeth II during her 1953 Coronation Review However his already eventful career would take a tragic turn In 1954 Stephenson flew to the United States to review their latest acquisitions which included a flight in the supersonic F 100 Super Sabre It would be his last flight Nevertheless Stephenson s legacy lives on at his former base at Duxford in the guise of the Imperial War Museum s immaculately restored Spitfire Mk I N3200 This was the very aircraft in which he force landed on 26 May 1940 Recovered from the French beach N3200 was painstakingly rebuilt and returned to flying condition Today N3200 is often referred to as a National Treasure This is the biography of a remarkable pilot husband and father revealing the planes he flew the places he visited and the incredible people he met along the way

The True Story of the Great Escape Jonathan F Vance, 2019-01-30 It shows the variety and depth of the men sent into harms way during World War II something emphasised by the population of Stalag Luft III Most of the Allied POWs were flyers with all the technical tactical and planning skills that profession requires Such men are independent thinkers craving open air and wide open spaces which meant that an obsession with escape was almost inevitable John D Gresham Between dusk and dawn on the night of March 24th 25th 1944 a small army of Allied soldiers crawled through tunnels in Germany in a covert operation the likes of which the Third Reich had never seen before The prison break from Stalag Luft III in eastern Germany was the largest of its kind in the Second World War Seventy nine Allied soldiers and airmen made it outside the wire but only three made it outside Nazi Germany Fifty were executed by the Gestapo Jonathan Vance tells the incredible story that was made famous by the 1963 film *The Great Escape* The escape is a classic tale of prisoner and their wardens in a battle of wits and wills The brilliantly conceived escape plan is overshadowed only by the colourful daring and sometimes very funny crew who executed it literally under the noses of German guards From their first days in Stalag Luft III and the forming of bonds key to such exploits to the tunnel building amazing escape and eventual capture Vance s history is a vivid compelling look at one of the greatest exfiltration missions of all time

The Berlin Wall Frederick Taylor, 2012-08-02 The appearance of a hastily constructed barbed wire entanglement through the heart of Berlin during the night of 12-13 August 1961 was both dramatic and unexpected Within days it had started to metamorphose into a structure that would come to symbolise the brutal insanity of the Cold War the Berlin Wall A city of almost four million was cut ruthlessly in two unleashing a potentially catastrophic East West crisis and plunging the entire world for the first time into the fear of imminent missile borne apocalypse This threat would vanish only when the very people the Wall had been built to imprison breached it on the historic night of 9 November 1989 Frederick Taylor's eagerly awaited new book reveals the strange and chilling story of how the initial barrier system was conceived then systematically extended adapted and strengthened over almost thirty years Patrolled by vicious dogs and by guards on shoot to kill orders the Wall with its more than 300 towers became a wired and lethally booby trapped monument to a world torn apart by fiercely antagonistic ideologies The Wall had tragic consequences in personal and political terms affecting the lives of Germans and non Germans alike in a myriad of cruel inhuman and occasionally absurd ways The Berlin Wall is the definitive account of a divided city and its people
