How can we overcome barriers to understanding? Where do we start and what must we do? And what is hermeneutics anyway? This beginner's handbook on hermeneutics provides a simple approach to textual interpretation introducing a method that is holistic and humane, focused on listening and openness. We must take account of our presuppositions, analyze literary and historical grammatical contexts, and organize our thoughts based on the meanings we discover. And then we must act, verifying or falsifying what we have found. This open content book is an essential guide for students as they interpret texts of all kinds and is meant as a companion for writing and research. Helpful notes are provided for key concepts and each step of the process is briefly explained along with questions for further analysis. Roger Ebert's Movie Yearbook 2003 Roger Ebert, 2002-12-02. Copyright Office, 1976. **The Piranhas** Roberto Saviano, 2018-09-04. In Gomorrah, a New York Times Book Review Notable Book of the Year, Roberto Saviano revealed a true devastating portrait of Naples, Italy, under the rule of the Camorra, a crime organization more powerful and violent than the Mafia. In The Piranhas, now a major motion picture, the international bestselling author returns to his home city with a novel of gang warfare and a young man's dark desire to rise to the top of Naples's underworld. Nicolas Fiorillo is a brilliant and ambitious fifteen-year-old from the slums of Naples, eager to make his mark and to acquire power and the money that comes with it. With nine friends, he sets out to create a new paranza or gang. Together, they roam the streets on their motorscooters, learning how to break into the network of small-time hoodlums that controls drug dealing and petty crime in the city. They learn to cheat and to steal, to shoot semiautomatic pistols and AK-47s. Slowly, they begin to wrest control of the neighborhoods from enemy gangs while making alliances with failing old bosses. Nicolas's strategic brilliance is prodigious, and his cohorts' rapid rise and envelopment in the ensuing maelstrom of violence and death is riveting and impossible to turn away from. In The Piranhas, Roberto Saviano imagines the lurid glamour of Nicolas's story with all the vividness and insight that made Gomorrah a worldwide sensation. With the openhearted rashness that belongs to every true writer, Saviano returns to tell the story of the fierce and grieving heart of Naples. Elena Ferrante.
