The Lazy Project Manager Peter Taylor, 2018 Productive laziness is all about success but success with far less effort By advocating being a lazy project manager I do not intend that we should all do absolutely nothing I am not saying we should all sit around drinking coffee reading good books and engaging in idle gossip whilst watching the project hours go by and the non delivered project milestones disappear over the horizon That would obviously be just plain stupid and would result in an extremely short career in project management in fact probably in a very short career full stop Lazy does not mean stupid No I really mean that we should all adopt a more focused approach to project management and exercise our efforts where it really matters rather than rushing around like busy busy bees involving ourselves in unimportant non critical activities that others can better address or which do not need addressing at all in some cases Welcome to the home of productive laziness On the following pages you can read more about what I mean about productive laziness and how you can apply these simple techniques and approaches in your own projects The major project topics will be covered but from a productive lazy point of view manage and I have therefore learned the manner in which to balance life projects and work What I am though and also by nature is success orientated Therefore the balanced approach that I utilise also has to ensure that both my projects and my career are successful and that they leave me with sufficient time for home and family I am a Lazy Project Manager You can carry on as you are or you can join me in the comfy chair of life and still get the project results that you and your project sponsors demand Lazy does not mean unsuccessful I am not by nature a lazy person but I do have many other t
