From the Introduction Are you a fan of the beautiful music played during Mass by skilled organists Have you ever wished to be able to play like them Currently numerous organists are fulfilling the role of playing for Mass whilst also engaging in a day job and many parish organists possess limited training or have transitioned from a background in piano lessons Given the constraints of limited formal training and practice time is such advanced musicianship beyond the reach of organists with more modest abilities While notably the market already offers uncomplicated yet beautiful preludes and postludes that are accessible to organists with modest skill levels modern technology also enables us to access recordings and live streams featuring highly accomplished organists who embellish and elevate hymn performances in graceful and captivating ways But how to adorn hymnody Well now you can with the help of Justus F Parrotta a talented organist composer and director Holding both a Doctorate of Musical Arts DMA degree and an American Guild of Organists AGO Fellowship Certification he is a well rounded musician who understands the instrument and its capabilities His full biography at www.justusparrotta.com will give you a glimpse into his expertise and experience as an organist composer and director In this book Dr Parrotta presents a collection of his compositions for various hymns including seven different short and useful compositions for Praise to the Lord which will give you the opportunity to play something new and exciting each time and thus elevate your skills in hymn playing His collection of compositions ranging from easy to medium to difficult providing a challenge for any organist is precisely what the doctor ordered and you will be delighted to see these works published These compositions will not only challenge you but also raise the interest in the organ in your parish giving it a unique and powerful voice in the liturgy But don t worry he includes registrations for each piece to make it easier for you to play So why not take the next step and learn from the best Start playing beautiful music like a pro with the help of Justus F Parrotta s compositions *The Liturgical Organist* Thomas Keith Hamilton,University of Iowa. School of Music,2014

Sunday after Sunday liturgical organists are faced with the challenge of providing music for liturgy While hymns psalms musical settings of liturgical texts choral anthems and responses are often made clear in their choice due to the marriage of text and music choosing music outside of those parameters is a challenge Music that happens prior to worship as the community gathers music to accompany ritual actions such as the presentation of the offering or the distribution of the Eucharist and music that sends people on their way at the end of the service is not something to be taken lightly Such choices are important and can have a significant effect on the over all tenor of the liturgy Many organists have concluded the most efficient and effective solution is to seek pieces which are based on the hymns sung by the assembly and trust that a cohesive liturgical whole has been created This essay attempts to move beyond that notion into the realm of solo organ literature that is not derived from a chorale or hymn melody Each

piece of music carries its own aesthetic characteristics and the task of the liturgical organist is to determine how those characteristics can best be incorporated into a given religious celebration
