

Name.....

In a cozy corner of a friendly garden, lived a small and clever spider named Sammy. Sammy was a master weaver, and he spun the most delicate and intricate webs. He had eight long, hairy legs that helped him move gracefully from one leaf to another.

One sunny morning, as Sammy was busy weaving his web, he noticed a group of curious children playing nearby. They were laughing and chasing each other, but when they spotted Sammy, they became curious about the little spinner.

"Hello, little spider! What are you doing up there?" called out one of the children.

"I'm weaving my web," replied Sammy with a friendly smile. "Would you like to watch?"

The children gathered around, watching in awe as Sammy carefully spun the silk threads into a beautiful circular web. They were amazed at how quickly and skillfully he worked.

Ramraj, 1994-12-30 Concert of Voices combines poetry fiction drama and essays in a wide ranging anthology of world literature in English The collection includes a number of established writers who despite their great reputations have often been perceived as standing apart from the main currents of English literature and have rarely found their way into English Department reading lists Most selections though

are by a remarkable range of much less established authors In addition to the selections the editor has provided a general introduction and a brief biographical note on each author The intention in *Concert of Voices* is both to provide an alternative text to anthologies of traditional and established writings in which the new writings in English invariably are displaced and marginalized and to complement these anthologies In this regard the word *other* which points up apartness and division was found wanting and dropped from the provisional main title Its omission draws attention to a concept and conviction operative in the construction of the anthology despite historical and cultural specificities the focus of cross cultural and multicultural studies commonalities and affinities exist among these writings and between writing on both sides of the hegemonic divide The anthology then is not intended simply as an offering of sociological or anthropological insights into these different peoples The pieces in *Concert of Voices* also demonstrate that imaginative writings can evolve from a cocoon of particularities into what can be called modifying a catch phrase of certain other disciplines Literature Without Borders from the introduction
