The Lost Language Of Da English Edition

Huangqi Zhang

The Lost Language Of Da English Edition:

The Lost Language Pasquale De Marco, The American language is in a state of crisis Once the lingua franca of the world English is now losing ground to other languages both at home and abroad In the United States the number of people who speak English as their first language has declined by 10% in the past decade This decline is due to a number of factors including globalization technology and the changing demographics of the United States Globalization has led to the rise of a new form of English known as global English Global English is a standardized and simplified form of English that is easier for people from different cultures to understand As a result global English is increasingly being used as a second language rather than a first language This is having a negative impact on the status of American English as the lingua franca of the world Technology is also having a significant impact on the American language The internet and social media have made it easier for people to communicate with each other across borders and this has led to the spread of new words and phrases that are not always familiar to American English speakers This is making it more difficult for American English speakers to understand each other and it is also leading to the loss of some of the unique features of American English The changing demographics of the United States is another factor that is contributing to the decline of American English The United States is becoming increasingly diverse and this is leading to a greater variety of languages being spoken in the country As a result American English is no longer the only language that is spoken in the United States and this is having a negative impact on its status as the lingua franca of the world The decline of American English is a serious problem It is a threat to our culture and our economy If we want to preserve the American language we need to take action We need to invest in language education and we need to promote the use of American English in all aspects of our lives This book is a call to action It is a call to action to preserve the American language This book will provide an overview of the factors that are contributing to the decline of American English and it will offer some suggestions for how we can reverse this trend If you like this book write a review

English Teaching Forum ,1966 Forum ,1964 **English Metrists** Thomas Stewart Omond,1921 A *Companion to Shakespeare's Works, Volume III* Richard Dutton, Jean E. Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's comedies

contains original essays on every comedy from *The Two Gentlemen of Verona* to *Twelfth Night* as well as twelve additional articles on such topics as the humoral body in Shakespearean comedy Shakespeare's comedies on film Shakespeare's relation to other comic writers of his time Shakespeare's cross dressing comedies and the geographies of Shakespearean comedy
