and that for you it becomes an enriching experience      The Island of Doctor Moreau (Annotated) H. G. Wells, 2018 This is an annotated version of the book 1 contains an updated biography of the author at the end of the book for a better understanding of the text 2 This book has been checked and corrected for spelling errors ON February the First 1887 the Lady Vain was lost by collision with a derelict when about the latitude 1 degree S and longitude 107 degrees W On January the Fifth 1888 that is eleven months and four days after my uncle Edward Prendick a private gentleman who certainly went aboard the Lady Vain at Callao and who had been considered drowned was picked up in latitude 5 degrees 3 S and longitude 101 degrees W in a small open boat of which the name was illegible but which is supposed to have belonged to the missing schooner Ipecacuanha He gave such a strange account of himself that he was supposed demented Subsequently he alleged that his mind was a blank from the moment of his escape from the Lady Vain His case was discussed among psychologists at the time as a curious instance of the lapse of memory consequent upon physical and mental stress The following narrative was found among his papers by the undersigned his nephew and heir but unaccompanied by any definite request for publication The only island known to exist in the region in which my uncle was picked up is Noble s Isle a small volcanic islet and uninhabited It was visited in 1891 by H M S Scorpion A party of sailors then landed but found nothing living thereon except certain curious white moths some hogs and rabbits and some rather peculiar rats So that this narrative is without confirmation in its most essential particular With that understood there seems no harm in putting this strange story before the public in accordance as I believe with my uncle s intentions There is at least this much in its behalf my uncle passed out of human knowledge about latitude 5 degrees S and longitude 105 degrees E and reappeared in the same part of the ocean after a space of eleven months In some way he must have lived during the interval And it seems that a schooner called the Ipecacuanha with a drunken captain John Davies did start from Africa with a puma and certain other animals aboard in January 1887 that the vessel was well known at several ports in the South Pacific and that it finally disappeared from those seas with a considerable amount of copra aboard sailing to its unknown fate from Bayna in December 1887 a date that tallies entirely with my uncle s story I DO not propose to add anything to what has already been written concerning the loss of the Lady Vain As everyone knows she collided with a derelict when ten days out from Callao The longboat with seven of the crew was picked up eighteen days after by H M gunboat Myrtle and the story of their terrible privations has become quite as well known as the far more horrible Medusa case But I have to add to the published story of the Lady Vain another possibly as horrible and far stranger It has hitherto been supposed that the four men who were in the dingey perished but this is incorrect I have the best of evidence for this assertion I was one of the four men But in the first place I must state that there never were four men in the dingey the number was three Constans who was seen by the captain to jump into the gig 1 luckily for us and unluckily for himself did not reach us He came down out of the tangle of ropes under the stays of the smashed bowsprit some small rope caught his heel as he let go and he hung for a moment head downward and then fell and struck a

block or spar floating in the water We pulled towards him but he never came up **The Island of Dr. Moreau Annotated**

Suddenly we heard a yelp and a volley of furious blasphemy from the companion hatchway and the deformed man with the black face came up hurriedly He was immediately followed by a heavy red haired man in a white cap At the sight of the former the staghounds who had all tired of barking at me by this time became furiously excited howling and leaping against their chains The black hesitated before them and this gave the red haired man time to come up with him and deliver a tremendous blow between the shoulder blades The poor devil went down like a felled ox and rolled in the dirt among the furiously excited dogs It was lucky for him that they were muzzled The red haired man gave a yawp of exultation and stood staggering and as it seemed to me in serious danger of either going backwards down the companion hatchway or forwards upon his victim So soon as the second man had appeared Montgomery had started forward Steady on there he cried in a tone of remonstrance A couple of sailors appeared on the forecastle The black faced man howling in a singular voice rolled about under the feet of the dogs No one attempted to help him The brutes did their best to worry him butting their muzzles at him There was a quick dance of their lithe grey figured bodies over the clumsy prostrate figure The sailors forward shouted as though it was admirable sport Montgomery gave an angry exclamation
