Memoirs of Myths and Truths in an Ordinary Pebble's Extraordinary Life

We find the author considers himself an ordinary pebble among others of his time who has gone on a desperate search for love and approval. But even an ordinary pebble like him can have an extraordinary life because he is not ordinary from the start, finding at an early age confusion and embarrassment regarding whether an accident or his mind makes him that way. It's not until into his young adult stream does he discover another reason for his rebel behavior in school and life. Which as a reader, you'll recognize some problems in the text of the book cover and in the book's written words or spelling or sentence structure, being a struggle. You'll see it's not his schooling; it's his battle with being dyslexic. Yet there is some great writing and inspiration, plus the help of a few photos to bring you into his or your memories and times when some myths emerged from stories and some being real truths. Pebbles we all are; truths are maybe what we think they should be, and myths are longer lasting than we may know. The author finds himself slowly aware of being in his September years, having a sense of belonging to the past and present but a much shorter future. With that comes a sense of family and the closeness of friends, which has brought him to this place of wonderment that has continued from those wonderful years of youth. They have brought him to these joyous thoughts while writing these memoirs and making reflecting on his extraordinary life. Starting at first writing this for all his kin and others within that stream surround him, but then realize other pebbles of this time can bring back some reflection on these times with a little smile, some sadness, and reflection too. He may have wandered through those youthful years winding through life's paths and finding some running on empty or full or too fast or too slow at the time like the automobiles of the day. His nurturing as a child, not always satisfying, resulted in the building many protective walls around his self. Yet like James Dean in *East of Eden* or *Rebel Without a Cause* or *Giant*, there was this desperate search for love and approval, not always available for many.
