, *"The" Athenaeum* ,1892     *The Churchman* ,1896     *Lamp ...* ,1892-02     **The Americana** Frederick Converse Beach,George Edwin Rines,1906     *The Figure in the Carpet and Other Stories* Henry James,2007-12-06 The stories in this collection were written mostly between 1888 and 1897 a time when Henry James s writing was concerned with the art of fiction and the position of the artist in society The motif and title story *The Figure in the Carpet* is an inspired joke a masterpiece of double entendre that demands the reader s undivided love and attention and continues to baffle its critics Also included are *The Author of Beltraffio* an absorbing story of family infighting authorship and tragedy and *The Private Life* a spirited tale that considers the contrast between the artist alone and at work While many of these stories appear to be elaborate Jamesian games all employ irony and humour to allegorize artistic creation     *The Book Buyer* ,1892     **Philip Roth Considered** Steven Milowitz,2015-12-22 This book comprehensively surveys Philip Roth s published and unpublished works focusing on the thematic unity which binds them together the memory of the Holocaust and the altered universe born of that memory The Holocaust is understood as the orienting event for Roth s fiction and non fiction the force that surrounds the characters and the narratives at all times Roth s obsession with questions of the Holocaust questions of responsibility meaning and powerlessness explains his recurring discussion of entrapment dehumanization nihilism guilt and coercion The concentrationary universe of the title is defined in this work as not only the universe of camps but also the universe that exists after the devastation Moral and philosophical norms are revoked in this new world Roth s early works are presented on a desolate landscape The introduction explicates this landscape specifically by invoking an early play of Roth s a play which is set in a Jewish ghetto during the Holocaust This unpublished work introduces the historical period that shapes the visions of Roth s future protagonists The next three chapters study Roth s relentless excavation of the dilemmas of fathers mothers authority figures and the inner discord of need and purpose These seemingly quotidian problems are exacerbated and intensified by the Holocaust s shadowy presence No relationship no effort at fulfillment no action is untempered by history in Roth s varied fictions Chapters four and five look directly at Roth s allusions to the Holocaust They explore through each of Roth s works how the Holocaust thematic the play of ideology and nihilism and the Holocaust pattern the idea of the past encroaching upon the present work through Roth s career informing his readers not only of his fascination with the Holocaust but of his particularly human way of dealing with it The last chapter briefly summarizes the findings of the previous chapter and connects Roth s specific concentrationary universe to the larger world The linguistic clues of Roth s novels are revealed and investigated pointing to Roth s celebration of ambiguity and individuality as parts of an imperfect formula for writing and living in the debased aftermath of the Holocaust     **Parkhurst Boys, and Other Stories of School Life** Talbot Baines Reed,2023-10-01 It was a proud moment in my existence when Wright captain of our football club came up to me in school one Friday and said Adams your name is down to play in the match against Craven to morrow Parkhurst

**Dead Letters Sent** Kevin Ohi,2015-06-20 Literary texts that address tradition and the transmission of knowledge often seem concerned less with preservation than with loss recurrently describing scenarios of what author Kevin Ohi terms thwarted transmission Such scenes however do not so much concede the impossibility of survival as look into what constitutes literary knowledge and whether it can properly be said to be an object to be transmitted preserved or lost Beginning with general questions of transmission the conveying of knowledge in pedagogy the transmission and material preservation of texts and forms of knowledge and even the impalpable communication between text and reader *Dead Letters Sent* examines two senses of queer transmission First it studies the transmission of a minority sexual culture of queer ways of life and the specialized knowledges they foster Second it examines

the queer potential of literary and cultural transmission the queerness that is sheltered within tradition itself By exploring how these two senses are intertwined it builds a persuasive argument for the relevance of queer criticism to literary study Its detailed attention to works by Plato Shakespeare Swinburne Pater Wilde James and Faulkner seeks to formulate a practice of reading adequate to the queerness Ohi s book uncovers within the literary tradition Ohi identifies a radical new future for both queer theory and close reading the possibility that each might exceed itself in merging with the other creating a queer theory of literary tradition immanent in an immersed practice of reading The Bibliophile Dictionary ,2003-12 Originally published in 1904 this is a combination of Biographical and Bibliographical Dictionary based on the following principles First A brief biographical notice of every important author known in literary history Second A bibliographical notice of his principal or best known works
