The Language Of Judges Chicago Series In Law And Society:

The Language of Judges Lawrence M. Solan, 2010-08-15 Since many legal disputes are battles over the meaning of a statute contract testimony or the Constitution judges must interpret language in order to decide why one proposed meaning overrides another And in making their decisions about meaning appear authoritative and fair judges often write about the nature of linguistic interpretation In the first book to examine the linguistic analysis of law Lawrence M Solan shows that judges sometimes inaccurately portray the way we use language creating inconsistencies in their decisions and threatening the fairness of the judicial system Solan uses a wealth of examples to illustrate the way linguistics enters the process of judicial decision making a death penalty case that the Supreme Court decided by analyzing the use of adjectives in a jury instruction criminal cases whose outcomes depend on the Supreme Court's analysis of the relationship between adverbs and prepositional phrases and cases focused on the meaning of certain words in the Constitution Solan finds that judges often describe our use of language poorly because there is no clear relationship between the principles of linguistics and the jurisprudential goals that the judge wishes to promote A major contribution to the growing interdisciplinary scholarship on law and its social and cultural context Solan's lucid engaging book is equally accessible to linguists lawyers philosophers anthropologists literary theorists and political scientists

The Language of Canon Law Judith Hahn, 2023 In this book Judith Hahn explores the legal order of the Roman Catholic Church to better understand how the Roman Catholic Church communicates as a legal institution She argues that the language of canon law reveals the political ideology of the church hierarchy and she takes up the tools of language and law scholarship to examine and challenge that language Hahn examines the grammar and terminology of canon law and how canon law language makes use of linguistic tricks and techniques to create its typical sound and discusses the comprehension difficulties that arise out of ambiguities in the law out of transfer problems between legal and common language and out of canon law's confusing mix of legal doctrinal and moral norms

The International Judge Daniel Terris, Cesare P. R. Romano, Leigh Swigart, 2007 An interdisciplinary introduction to international judges and their work

Publications of the Illinois State Historical Library, Illinois State Historical Society Illinois State Historical Library, 1906 **Church Law in Modernity** Judith Hahn, 2019-03-28 Discusses natural law as a traditional but highly contested source of canon law **Women in the World's Legal Professions** Ulrike Schultz, Gisela Shaw, 2003-04 Women lawyers less than a century ago still almost a contradiction in terms have come to stay Who are they Where are they What impact have they had on the profession that had for so long been a bastion of male domination These are key questions asked in this first comprehensive study of women in the world s legal professions Answers are based on both quantitative and qualitative analyses using a variety of conceptual frameworks 26 contributions by 25 authors present and evaluate the situation of women in the legal profession in both common and civil law countries in the developed world 15 countries from four continents are covered the United States of America Canada Australia New Zealand England Israel Germany the Netherlands Poland Finland France Italy Brazil Korea and Japan The focus ranges from judges and public prosecutors to law professors lawyers attorneys notaries and company lawyers National differences are clearly in evidence but so are common features cutting across national boundaries Experience of glass ceilings and revolving doors is as widespread and as real as success stories of women lawyers pursuing their own projects **Pragmatics in Practice** Jan-Ola Östman, Jef Verschueren, 2011 The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics in the field of pragmatics thereby attempting to divide up its wide interdisciplinary spectrum in a transparent and manageable way While

the other volumes select specific philosophical cognitive grammatical social cultural discursive variational or interactional angles this 9th volume focuses on what pragmatics is good for beyond the very discipline of pragmatics as such The chapters in the volume thus address the importance of taking a pragmatic perspective on traditional fields of applied linguistics contrastive and error analysis translation and they address the core of pragmatics as the study of language use with phenomena ranging from irony and emphasis to literacy and mass media and with approaches to the function of language like rhetoric stylistics corpus analysis and general semantics The volume contains chapters not only on the spoken and written modes of communication but also on signed language pragmatics and on computer mediated communication The impact and usefulness of taking a pragmatic perspective on language for a deeper understanding of clinical and rehabilitation practices has recently received ever more focus in this volume aspects of this direction of research are dealt with in the chapter on clinical pragmatics In most of the chapters in the volume ethics has a core role to play not only in issues of authenticity in general in relation to research on language use but also in issues that have a direct influence on the linguistic culture and society we live in irrespective of whether we are part of a linguistic majority or a minority or a minority within a minority language policy and language planning language ecology and language in relation to legal matters In all of these fields we see the importance of research within pragmatics as a discipline dealing with how language influences our everyday lives All in all the volume presents different perspectives on how research in pragmatics not only can be put to practice but how pragmatics is used as a tool to gain a better understanding of the world we live in

The Tyranny of Ordinary Meaning Christopher Hutton, 2019-06-21 This book offers an in depth analysis of the case of Corbett v Corbett a landmark in terms of law's engagement with sexual identity marriage and transgender rights The judgement was handed down in 1970 but the decision has shaped decades of debate about the law's control and recognition of non normative gender identities The decision in this case that the marriage between the Hon Arthur Corbett and April Ashley was void on the grounds that April Ashley had been born male has been profoundly influential across the common law world and came as a dramatic and intolerant intervention in developing discussions about the relationships between medicine law questions of sex versus gender and personal identity The case raises fundamental questions concerning law in its historical and intellectual context in particular relating to the centrality of ordinary language for legal interpretation and this book will be of interest to students and scholars of language and law legal history gender and sexuality

Empirical Gap in Jurisprudence Daved Muttart, 2007-02-17 In jurisprudential writing single decisions are often held up as representative without any evidence to support their representative claims In order to address this problem Daved Muttart has made a systematic study encompassing every judgment of the Supreme Court of Canada between 1950 and 2003 Examining almost 5000 cases Muttart analyses these Supreme Court decisions employing several important criteria including whether the decisions overruled prior precedent the extent to which they were decided on fact law or policy and the legal and extra legal modes of

reasoning utilized by the Court Muttart uses the results of this systematic examination to test the validity of extant jurisprudential theories Ultimately he concludes that the Court s method of operation is evolving as it moves into a new century While the court s reasoning is becoming less foundational it remains a predominantly legal as opposed to political institution Filling an important niche in the study of jurisprudence The Empirical Gap in Jurisprudence demonstrates that systematic studies based on large samples of cases will yield many insights that were obfuscated by prior efforts that relied on small and self selected samples

The Routledge Handbook of Hispanic Applied Linguistics Manel Lacorte,2014-09-19 This book provides a comprehensive overview of Hispanic applied linguistics allowing students to understand the field from a variety of perspectives and offering insight into the ever growing number of professional opportunities afforded to Spanish language program graduates The goal of this book is to re contextualize the notion of applied linguistics as simply the application of theoretical linguistic concepts to practical settings and to consider it as its own field that addresses language based issues and problems in a real world context The book is organized into five parts 1 perspectives on learning Spanish 2 issues and environments in Spanish teaching 3 Spanish in the professions 4 the discourses of Spanish and 5 social and political contexts for Spanish The book s all inclusive coverage gives students the theoretical and sociocultural context for study in Hispanic applied linguistics while offering practical information on its application in the professional sector

The Oxford Handbook of Law and Anthropology Marie-Claire Foblets,Mark Goodale,Maria Sapignoli,Olaf Zenker,2022 Represents a comprehensive and interdisciplinary treatment to the field of law and anthropology Decenters the standard Anglo Euro centric bias that prevails in both law and anthropology Gives unique perspectives on issues of contemporary relevance Provides the historical background but focuses on the future of the field Book jacket

The SAGE Handbook of Sociolinguistics Ruth Wodak,Barbara Johnstone,Paul E Kerswill,2011 This Handbook answers a long standing need for an up to date comprehensive international in depth critical survey of the history trajectory data results and key figures involved in sociolinguistics The result is a work of unprecedented coverage and insight It is all here from the foundational contributions to the field to the impact of new media new technologies of communication globalization trans border fluidities and agendas of research
