The Lascaux Prize 2014

George Drew

The Lascaux Prize 2014:

The Lascaux Prize 2014 Stephen Parrish, Wendy Russ, 2014-12-13 The winner and finalists of The Lascaux Review's short story contest plus flash fiction contest winners and editors' picks of poetry and creative nonfiction. Short works by Jodi Barnes, David Buchanan, Justin Campbell, Malcolm Campbell, Suzanne Conboy Hill, Matthew Corey, Camille Griep, Tony Hoagland, Karen Paul, Holmes Lois P, Jones Joe, Kapitan Neil, McCarthy Linda, McCullough Moore, Donna Miscolta, Maria Munro, Schuster Erica, Orloff Dino, Parenti Luke, Patterson Lisa, Pellegrini Midge, Raymond Brett, Garcia Rose, David Salner, Marjorie Saunders, Ashley, Shelby, James Silberstein, Rosanna Staffa, Robin Stratton, Alexander Weinstein, and Lee Wright. *Let Me Tell You a Story* Suzanne Conboy-Hill, 2015-08-11 In this ground-breaking literary project award-winning authors from Europe, Asia, and Africa read for you their own stories and poems, some set in contemporary realism, others in science fiction, fantasy, or disturbing inner worlds. They explore themes of relationships, disability, loss, and vengeance with insight, often a good twitch of humour. Scan the QR codes to listen while you read to hear the rhythms, the tumble of words in a hurry, the spaces where silence does its best work. The Foreword is by Ian McMillan, poet, broadcaster, and presenter of BBC Radio Three's *The Verb*, who has his own unique pint of beer in a dimpled glass, Yorkshire voice. *Not Being First Fish and other diary dramas* Suzanne Conboy-Hill, 2018-05-30 MySpace is what we had before we discovered Facebook and began driving our young folk into the darker recesses of Instagram and WhatsApp before everyone became a musician and flooded us with band noises of variable quality and just before the whole thing collapsed under the weight of animated glitter bombs. These snippets are drawn from that recent past. They are largely true, if a little fictionalised, very fictionalised, if you think you recognise yourself and of virtually no social value. You might find them a bit funny though because obviously I do. *Caves of the Rust Belt* Joe Kapitan, 2018-10-23 The natural successor to Sherwood Anderson's *Winesburg, Ohio*, *Caves of the Rust Belt* travels to the Heart of It All where drowned sailors reminisce over a hot meal and the rules of the yard sale are law. In his stunning debut Joe Kapitan captures the modern Midwest in devastating detail, often blurring the lines between reality and the surreal. The depth of each story leaves readers wanting more as they dig into the pages of this remarkable collection. Memories of another America encase families like a Cold War bunker, forcing characters to confront the pasts that haunt their future. A man tries to renovate the exterior of an old mansion but even in the state where All Things Are Possible it is impossible to remove the cracks in the foundation and exorcise the ghosts in the basement. A school shares a message of resilience and community while masking terrifying truths that appear all too possible in our current age. Kapitan has created a fantastical representation of the post-recession Midwest, presenting an image of a world where sinkholes don't just swallow the neighborhood but also unearth hidden hope lying beneath the surface. *Reading the World's Stories* Annette Y. Goldsmith, Theo Heras, Susan Corapi, 2016-08-11 *Reading the World's Stories* is volume 5 in the *Bridges to Understanding* series of annotated international youth literature bibliographies sponsored by the United States Board on Books for Young

People USBBY is the United States chapter of the International Board on Books for Young People IBBY a Switzerland based nonprofit whose mission is bring books and children together The series promotes sharing international children s books as a way to facilitate intercultural understanding and meet new literary voices This volume follows Children s Books from Other Countries 1998 The World through Children s Books 2002 Crossing Boundaries with Children s Books 2006 and Bridges to Understanding Envisioning the World through Children s Books 2011 and acts as a companion book to the earlier titles Centered around the theme of the importance of stories the guide is a resource for discovering more recent global books that fit many reading tastes and educational needs for readers aged 0 18 years Essays by storyteller Anne Pellowski author Beverley Naidoo and academic Marianne Martens offer a variety of perspectives on international youth literature This latest installment in the series covers books published from 2010 2014 and includes English language imports as well as translations of children s and young adult literature first published outside of the United States These books are supplemented by a smaller number of culturally appropriate books from the US to help fill in gaps from underrepresented countries The organization of the guide is geographic by region and country All of the more than 800 entries are recommended and many of the books have won awards or achieved other recognition in their home countries Forty children s book experts wrote the annotations The entries are indexed by author translator illustrator title and subject Back matter also includes international book awards important organizations and research collections and a selected directory of publishers known for publishing books from other countries

The Politics of Place Naming Frederic Giraut, Myriam Houssay-Holzschuch, 2022-12-28 Naming the places of the world is an essential human act of territorialization As the subject of conflict or dispute naming plays out in numerous ways that involve collective and individual relationships to space whether functional or imaginary as well as the identities related to them Name traces also differ together with their inscription within landscapes and history Names constitute a heritage they bear witness they mark places and thus contribute to the foundation of territories Beyond place names place naming reveals the functions and uses of names but also the contradictory meanings that society bestows on them With this framework in mind that of critical toponymy The Politics of Place Naming considers different points of view when studying place naming These vary from linguistics to political and cultural geography via history anthropology cartography urban planning digital humanities subaltern studies and many other disciplines This book honors this transversality by taking such studies into account in its examination of place naming

Reliquaria R. A. Villanueva, 2014-09-01 In his prize winning poetry collection Reliquaria R A Villanueva embraces liminal in between spaces in considering an ever evolving Filipino American identity Languages and cultures collide mythologies and faiths echo and resound Part haunting part prayer part prophecy these poems resonate with the voices of the dead and those who remember them In this remarkable book we enter the vessel of memory the vessel of the body The dead act as witness the living as chimera and we learn that whatever the state of the body this much rings true every ode is an elegy each elegy is always an

ode **The Beak of the Finch** Jonathan Weiner,2014-05-14 PULITZER PRIZE WINNER A dramatic story of groundbreaking scientific research of Darwin s discovery of evolution that spark s not just the intellect but the imagination Washington Post Book World With a new preface Admirable and much needed Weiner s triumph is to reveal how evolution and science work and to let them speak clearly for themselves The New York Times Book Review On a desert island in the heart of the Galapagos archipelago where Darwin received his first inklings of the theory of evolution two scientists Peter and Rosemary Grant have spent twenty years proving that Darwin did not know the strength of his own theory For among the finches of Daphne Major natural selection is neither rare nor slow it is taking place by the hour and we can watch In this remarkable story Jonathan Weiner follows these scientists as they watch Darwin s finches and come up with a new understanding of life itself The Beak of the Finch is an elegantly written and compelling masterpiece of theory and explication in the tradition of Stephen Jay Gould **Cave Art and Climate Change** Kieran D. O'Hara,2014-10-03 French and Spanish Upper Paleolithic cave art was drawn forty thousand to eleven thousand years ago and it was motivated by climate change Kieran D OHara a geologist and professor emeritus at the University of Kentucky explains why we know that to be true in this groundbreaking book His goal isnt to explore the meaning of cave art but to show why it was done While many scholars argue that the art depicted in these caves dont depict the animals of that period OHara argues just the opposite putting forth the controversial theory that the cave paintings accurately reflect the climate and animals that existed alongside the artists For far too long cave art specialists have incorrectly concluded that cave art doesnt match up with the reality of life at the time because theyve been comparing archaeological bone remains with cave imagery of a different age Paleolithic people survived through the most severe swings in climate this planet has experienced in the past two million years and it was a major factor in what cave artists depicted Examine the facts and discover a new interpretation with Cave Art and Climate Change **Arkansas Review** ,2020 **Twentieth-Century Philosophy of Religion** Graham Oppy,N. N. Trakakis,2014-09-11 The twentieth century saw religion challenged by the rise of science and secularism a confrontation which resulted in an astonishingly diverse range of philosophical views about religion and religious belief Many of the major philosophers of the twentieth century James Bergson Russell Wittgenstein Ayer Heidegger and Derrida significantly engaged with religious thought Idiosyncratic thinkers such as Whitehead Levinas and Weil further contributed to the extraordinary diversity of philosophical investigation of religion across the century In their turn leading theologians and religious philosophers notably Buber Tillich and Barth directly engaged with the philosophy of religion Later philosophy of religion became a distinct field of study led by the work of Hick Alston Plantinga and Swinburne Twentieth Century Philosophy of Religion provides an accessible overview of the major strands in the rich tapestry of twentieth century thought about religion and will be an indispensable resource for any interested in contemporary philosophy of religion
