The Lazy Mans Guide To Grappling English Edition:

The Lazy Man's Guide to Grappling Bakari Akil II, Ph.D., 2017-08-05 The Lazy Man's Guide to Grappling is a hilarious look at what some grapplers do to cope in the hard charging grappling environment It exposes the truth about grapplers and grappling that is never discussed but everyone thinks about We are all guilty of some of the Lazy Man's practices to varying degrees This book exposes The Lazy Man's Takedowns The Truth about Warmups Magic Funk Taps Credit Vision Injured Grapplers Psyche Out Methods Superhero Taps Blue Belt Heaven Grappling Dummy and Heavy Bag Secrets and so much more From the author This is not a how to book So there won't be any pictures demonstrating techniques If there were I would lose all credibility It is more of an approach towards grappling my overarching philosophy I will not be sharing my life story and detailing all of my wins at NAGA or Grapplers Quest or how I trained five hours a day for six years to get where I am now I am just a man who loves grappling but not all of the extras that are attached to it If I could get up in the morning and just learn a technique and grapple for about 20 minutes then life would be golden I am like BJ Penn who popularized the term Just Scrap I feel the same way Just Grapple

Grappling 101 Bakari Akil II, Ph.D., 2017-08-03 This is the Bully Proof for beginning grapplers It'll help you develop a force field to help shield you from making newbie mistakes The advice in Grappling 101 is information that people will not share with you during instruction or drill but will tell you at the most inopportune moments They are pointers that everyone should give you on day one but end up as sporadic pieces of advice usually shouted out while someone is handing your ass to you This is not a handbook that shows you step by step sequences that will help you wreak havoc in your gym or on the competition mat Instead it is grappling theory It was written with the intention of keeping you from becoming a victim Theoretically if you use the advice in this book it will save you a lot of grief and help you to avoid a lot of needless tapping The information in Grappling 101 will take months and in some cases years away from time that would normally be spent as a newbie then as a rookie It will keep you from making what someone who is hard on themselves would describe as stupid or silly mistakes Attention This book is for beginners Read this book before you begin grappling That said if you have already begun to study submission wrestling then you've probably learned what's in this book the hard way Yet it is always good to review the basics so Grappling 101 can be read by all
