*It's My Poop and You Can't Have It* Dr. Tallah B.,Yasmeen Brightwell,2023-03-09 It s My Poop is a quick simple read that provides parents and others a look into the mind of the potty training toddler or preschooler and their thoughts about being hurried to reach a milestone in which they may be unprepared Dr Brightwell witnessed in anguish over a thirty year period as hundreds of little ones were pushed into potty training when they were clearly not ready which resulted in this project The purpose of the book is not to create an argument about the best time to potty train but rather to

encourage parents to allow their children to train at their own pace instead of the time table of someone else's. The potty training process should be an exciting period of growth for all involved not that which is frustrating and time consuming. The hope is that parents will create a fun and creative approach to potty training their little angels.
