Latona **Werewolves** Bob Curran, 2025-09-12 Most of us are familiar with the idea of a werewolf that someone can change either deliberately or unwillingly into a ravenous creature but is there some justification for such a belief And if so how is it achieved through magical potions or ointments or simply by the light of the full moon Or is the whole thing simply a form of delusion the product of a disturbed mind In Werewolves author Dr Bob Curran examines the deep psychological perceptions about the linkage of man with the natural bestial world Do the roots of such a belief lie in the supernatural world or are there other explanations How has the discovery of feral children living in the wild shaped our ideas of human beasts And what is the future of such beliefs The book considers genetically based speculations regarding the possible fusion of human and animal genes in order to alleviate some human diseases and suffering Is the idea of man into beast really so far fetched Werewolves is an essential reference book which looks in depth at a fascinating subject One word of warning though it must never be read under the baleful rays of a full moon You have been warned A Spiritual Guide for Today Jr. Gilgut, 2010-11 Why do so many people go through life feeling unfulfilled incomplete What is necessary to achieve happiness A Spiritual Guide for Today describes five qualities of the soul that are especially important in achieving spiritual fulfillment Three of these concern balance having your head on straight The other two have to do with service to others Service is necessary so that your achievement of balance bears fruit it is love that is shared with others The book offers guidelines to help you decide where you are now in your spiritual journey and whether you are ready for the next step Only a huge amount of self

confidence in one's inner integrity can permit such a seemingly reckless leap of faith to jump clear of rules and taboos. Thus the book is intended for older rather than younger readers. Author Thomas Gilgut tells how dealing with our failures can be an important part of spiritual growth, how purity of intention is vital to effectively serving others, and how when it is necessary to intervene in the lives of others we must lead with love before making judgments. Above all is the importance of reading the Gospels to know and follow Jesus. The Guide recommends books for deeper study by authors as diverse as Mother Teresa, Hermann Hesse, Anne Rice, Richard Rohr, and Alan Watts. A Spiritual Guide for Today is a short book, one that can be read in just a few hours. But it will point you in directions that will enrich your life and bring you more and deeper happiness than you ever imagined. Thomas Gilgut Jr is a native of Massachusetts who has spent most of his life in New York's Hudson Valley. Following degrees from Harvard and Columbia Business School, he enjoyed a career in business journalism, newsletter publishing, and the marketing of electronic texts to schools. He is a Catholic whose interests range from libertarian politics to architecture, for independent living to investing in emerging markets to spiritual growth.

Legend of the Pronghorn Pat Dolan, 2013-12-30 The ancestral spirits of the Shoshone are kidnapped just as Christopher Columbus hears the words land. Ho, coincidence! Pat Dolan's book may surprise you. Legend of the Pronghorn follows several generations of Shoshone as they deal with the encroaching white eyes and the subsequent degradation of their ancient culture. Mysteriously, many of their experiences are mirrored many years later in the lives of a wayward high school cross country team desperately seeking self-respect. The fate of the captured Windigos is ultimately tied to the team and the lone survivor of a Blackfoot raid, a strange hard-luck Shoshone teen. Both the Native Americans and the modern-day runners are unwitting participants in the Great Spirits' grandiose plan to rescue the Windigos and thus reunite their people with nature and all things Divine.

The Texas Tonkawas Stanley S. McGowen, 2020-10-30 This new study revolves around the Tonkawa tribe in the history of the Lone Star State and the greater Southwest. The chronological account allows readers to understand its triumphs and struggles over the course of a century or more and places the story in a larger historical narrative of shifting alliances, cultural encounters, and economic opportunity. From a coalition with the Lipan Apaches to the incorporation of Tonkawa scouts in the U.S. Army during the late nineteenth century, the author tells the story of these often-overlooked people. By highlighting the role of the Tonkawas, Dr. McGowen provides a fresh appreciation of their influence in frontier history and renders their ultimate fate all the more heartbreaking. This book made possible in part by a grant from the Summerfield G. Roberts Foundation.
