- Now you know the different parts of the argumentative essay. However, when writing academic texts in English you need to divide it even further; into paragraphs.
- Key rule: every paragraph should discuss just one main idea and that idea should be clear to the reader. Each new paragraph should indicate a change of focus.
- Paragraphs should be started with a **topic sentence**. That is the main idea of the paragraph and everything that follows should be related to that sentence.
- In an argumentative essay; your arguments should preferably be your topic sentences.
