Toscat An Opera In Three Acts Or One Cat:

Toscat Nhan C. Duong, 2014-12-23 Set in 1913 Naples Italy Tos Cat is the story of an unlikely star of the operatic stage and the kind gentle mentor who believes in him Giuseppe Cantante a renowned Baritone of the opera world dreams of opening his own opera house in the small quarter of Naples where he lives After renovating an old fish packing warehouse Giuseppe calls on his son Silenzio to help him open the new Piccolo San Carlo Opera House and to find the finest voices to star in the grand opening opera of Tosca A famous music conductor and arranger Silenzio is tasked with searching for an exquisite voice to launch the Piccolo San Carlo to overnight success while at the same time wade through the town's own colorful characters as they audition for the various demanding roles of the production Though his dreams of becoming a great singer himself are yet unfulfilled Silenzio is content in his role of helping his father find a Spinto tenor worthy of the Piccolo and in doing so finds love in his old childhood friend Bettina As the grand opening night approaches with no tenor to be found and many a plate of pasta nervously consumed a stranger of dubious ilk appears to claim the coveted lead tenor role of Cavaradossi a role no doubt some would kill for But one fateful moonlit night Giuseppe discovers a voice unlike any he's ever heard before a voice so achingly beautiful as to rival all others in history Though quite large furry and smelling faintly of anchovies this new star of the stage would showcase Giuseppe's crowning achievement and show the world that great things can come from the most unlikely of places But not all who hear the stunning voice of this allergy inducing new star are believers The dark corners of the old warehouse hold secrets secrets that could ruin a Divo Tenor's dreams and bring down the star of the opera house before he even has a chance to shine **The Era Almanack**, 1889 The Era Annual, 1888

The Musical Leader, 1927 **The Metareferential Turn in Contemporary Arts and Media** Werner Wolf, 2011-01-01 One possible description of the contemporary medial landscape in Western culture is that it has gone meta to an unprecedented extent so that a remarkable meta culture has emerged Indeed metareference i.e. self reflexive comments on or references to various kinds of media related aspects of a given medial artefact or performance specific media and arts or the media in general is omnipresent and can nowadays be encountered in high art and literature as frequently as in their popular counterparts in the traditional media as well as in new media From the Simpsons pop music children's literature computer

games and pornography to the contemporary visual arts feature film postmodern fiction drama and even architecture everywhere one can find metareferential explorations comments on or criticism of representation medial conventions or modes of production and reception and related issues Within individual media and genres notably in research on postmodernist metafiction this outspoken tendency towards metaization is known well enough and various reasons have been given for it Yet never has there been an attempt to account for what one may aptly term the current metareferential turn on a larger transmedial scale This is what *The Metareferential Turn in Contemporary Arts and Media Forms Functions Attempts at Explanation* undertakes to do as a sequel to its predecessor the volume *Metareference across Media* vol 4 in the series *Studies in Intermediality* which was dedicated to theoretical issues and transhistorical case studies Coming from diverse disciplinary and methodological backgrounds the contributors to the present volume propose explanations of impressive subtlety breadth and depth for the current situation in addition to exploring individual forms and functions of metareference which may be linked with particular explanations As expected there is no monocausal reason to be found for the situation under scrutiny yet the proposals made have in their compination a remarkable explanatory power which contributes to a better understanding of an important facet of current media production and reception The essays assembled in the volume which also contains an introduction with a detailed survey over the possibilities of accounting for the metareferential turn will be relevant to students and scholars from a wide variety of fields cultural history at large intermediality and media studies as well as more particularly literary studies music film and art history
