American Educational Digest ,1924 *The Creative Art of Troublemaking in Education* Frank Coffield,2024-09-09

Drawing on a lifetime s experience and research in education Frank Coffield brings together some of his previously published papers to assess the impact of a wide range of national educational policies and to examine the role of the state in public education He concludes that damage has been done to education by political parties of both right and left and that damage will not be reversed until further vocational and adult education receive the same levels of commitment and resource as other sectors serious steps are taken to tackle Britain s unacceptable levels of poverty and the powers of the state are reduced Among the unresolved challenges highlighted are the plight of young people from deprived estates their tactics in dealing with unemployment the task of improving learning schools inspection and system governance the failure to increase productivity being blamed solely on education and the dysfunctional and undemocratic political framework on which education reform is forced to depend An essential read for anyone in education this provocative criticism of our past and current educational system provides an accessible as well as a humorous critique of educational policy and politics **New**

York Magazine ,1989-10-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Reshore Production Now William A. Levinson,2023-06-08 This book addresses the vital importance of reshoring US manufacturing capability to ensure economic and military security and then discusses the proven methods that the United States used to gain manufacturing supremacy in the first place The vital takeaway is If the job can be made sufficiently productive the per unit labor cost ceases to be relevant which means a business can pay high wages realize high profits and deliver low prices simultaneously The contest is then not between high wages and cheap labor but between efficiency and inefficiency and when automation is involved machine against machine Readers will be able to put these principles to work very quickly to achieve tangible results The relatively low Federal minimum wage has meanwhile become a major issue but inflation skyrocketed in the second quarter of 2022 when higher wages and higher demand for goods and services were not matched with higher productivity The book addresses the relationship between the money supply and the velocity of money to prices wages and productivity A manufacturing resurgence in the United States will not only increase our standard of living enormously but generate taxable economic activity that will help pay down rather than increase the

Federal debt Higher productivity also delivers a greater supply of goods to accompany higher wages and thus works against inflation This can prevent looming recessions and disruptions

Fighting for Fiona Leah Mae Wright,2022-10-23 Rick Robertson lived his dream life as the second generation owner and promoter of the world s most

successful sports entertainment company the Galactic Wrestling Association As a single dad and billionaire boss his life was spent traveling the world with his twelve year old daughter and the crew he considered a second family But seeing his staff and talent falling in love made him realize there was still one thing missing in his life his soulmate Not that Rick ever believed he d meet a woman and fall in love like the crew surrounding him He d thought he found the one in the mother of his daughter but she had only been interested in him for his fame and fortune Seven years after his disastrous divorce Rick refused to be suckered into another relationship no matter how jealous he felt of all the lovebirds on his company jet He certainly wasn t going to fall prey to the overly flirtatious English teacher he currently had working for him to teach all the children that traveled with their parents who worked for the GWA So Rick was looking for her replacement along with a history teacher since several of the kids would be going into high school in the next couple of years and would need more education on the history of the world than they currently received by touring historical sites in each city they visited on tour Fiona Harrison was tired of living the sheltered life of a preacher s daughter in a small Texas town She craved adventure and excitement like she read about both with her middle school English students and alone at home She wanted to get out of Heart s Destiny and see the world And maybe meet a man who could make her feel more than the friendly affection she felt with the guys she grew up with Fiona jumped at the chance to travel with the GWA when her coworker and friend Charlotte Burleson told her about the traveling English teacher position She interviewed for the job when the GWA was in Heart s Destiny for Charlotte s youngest brother s wedding over Thanksgiving break She was scheduled to start her new job at the beginning of the new year and hoped the instant attraction she felt when she interviewed with the owner of the company wouldn t make the working conditions too uncomfortable Rick didn t think his attraction to the new English teacher who was ten years his junior would be a problem She was too young to be interested in a single father with too much responsibility on his shoulders to ever have time to take her out and treat her the way a beautiful young woman like her deserved He considered himself more than man enough to appreciate her beauty from afar and keep all their interactions professional Then he went home to New York over Christmas break and hired a male history teacher closer to Fiona s age When the two new teachers both started work in the new year and seemed to be spending an awful lot of time together Rick struggled to fight his natural alpha tendency to claim Fiona as his own Which battle would Rick win The battle with himself not to pursue Fiona Or the fight for Fiona s heart
