essential points of his beliefs Many were published by Wesley himself while others were recovered from his manuscripts after his death While reading these you will find that his writings are never dry but maintain a vigor of life about them while maintaining a scriptural balance He strived to reach the everyday man and bring him a living gospel and this intent is spread throughout his sermons While Wesley had originally intended to publish a three volume series he went on to add a fourth He desired to reach a larger audience with these printed works than he could with his daily sermons in person and there was also a particular demand for them The four books are comprised of approximately 44 sermons and are contained in volume I of this printing In 1746 he had published the first book of this projected work entitled Sermons on Several Occasions He later went on to add another nine sermons to the series The subsequent books were released in 1748 1750 and 1760 respectively It is important to note that these are by no means the whole of Wesley s written sermons they were merely selected by him for the Christian reader as a kind of standard for his belief of many of the principal points of Christian doctrine and have since become known as the standard sermons In his preface to volume I Wesley himself wrote I have accordingly set down in the following sermons what I find in the Bible concerning the way to heaven with a view to distinguish this way of God from all those which are the inventions of men I have endeavored to describe the true the scriptural experimental religion so as to omit nothing which is a real part thereof and to add nothing thereto which is not Sermons on Several Occasions Volume I Preface For fifty years Wesley had also written numerous sermons and published them in local magazines many of which were printed in cities across England such as London Bristol Dublin and Newcastle upon Tyne With these sermons being placed in the hands of so many printers it was inevitable that they would be printed in a combined publication which was often the case Because of this in his advancing age Wesley decided that he should undertake a reprinting of all of his works enabling him to revise all of his works carefully and also to correct any errors that had arisen In his collected works he elected to print his sermons commentaries notes journals and more producing an impressive thirty two duodecimo volumes the first being published in 1771 and the last in 1774 In the set of sermons that comprised those of the model deed included nine additional lectures that were not previously published bringing the total to 53 These 53 lectures have are in the first volume of this series
