Schwartz, 2003-11-05 With so many discussions and theories on reading and how children learn to read it can be very confusing for parents to know the best way to get their kids to read In Raising a Reader Bonnie Schwartz lays out simple researched and practice proven approaches that a parent can do to promote literacy in the home and encourage children to explore the great adventures to be found in books The first step in fostering literacy and good reading strategies in the home is to learn a little bit about how language is acquired and how this affects the development of reading The purpose of this book is to expose parents to these processes and build a knowledge base of basic games activities and strategies parents can easily use at home to foster reading development *The Apocalyptic Letter to the Galatians* James M. Scott, 2021-05-18 One apocalyptic reading of Paul's letter to the Galatians has been attempted before and is now widely accepted but that reading is not based on a thorough engagement with Jewish apocalyptic traditions of the Second Temple period In this book James M Scott argues that there is an essential continuity between Galatians and Paul's Jewish past and that Paul uses the apocalyptic Epistle of Enoch 1 Enoch 92 105 as a literary model for his own letter Scott first contextualizes the Epistle of Enoch using the entire Enochic corpus and explores the extensive similarities and some significant differences between the Enochic tradition and early Stoicism Then he turns to deal specifically with Paul's letter to the Galatians showing that despite their obvious differences the two apocalyptic letters have some remarkable features in common as well

This approach to the interpretation of Galatians fundamentally stands to change the way biblical scholars understand Paul's letter and the gospel that he preached. Paul is within Judaism if the net for what is included in Judaism is wide enough to encompass the Enochic tradition. *100 Fun & Easy Learning Games for Kids* Amanda Boyarshinov, Kim Vij, 2016-05-24 Shares one hundred activities and games that will teach children about science music art writing math reading and global studies using household objects.
