serious attention has been paid to the institution vital to both the Civil Service This Official History is designed to remedy this by placing present problems in historical context and by providing a helpful structure in which others and particularly former officials may contribute to the debate Starting with the seminal 1854 Northcote Trevelyan Report it covers the lost opportunity of the 1940s when the Service failed to adapt the needs of big government as advocated by Beveridge and Keynes It then examines in greater detail the belated attempts at modernisation in the 1960s the Service's vilification in the 1970s and the final destruction of the old order during the first years of Mrs Thatcher's government Particular light is shed on the origins of such current concerns as the role of special advisers the need for a Prime Minister's Department the evolution of Parliamentary Select Committees to resolve the potential tension between bureaucracy and Parliamentary democracy This Official History is based on extensive research into both recently released and unreleased papers as well as interviews with leading participants It has important lessons to offer all those both inside and outside the UK seeking to improve the quality of democratic government This book will be of great interest to all students of British history British government and politics and of public administration in general

Pilkington, 1999-09-11 This companion to the British Constitution was born out of the view that the tendency for modern political studies to concentrate on processes rather than structures results in a failure to understand basic political terminology Readers coming to politics for the first time often do not have the basic vocabulary with which to understand the subject This book is an attempt to provide that basic vocabulary An introductory survey of concepts relating to the

constitutional framework leads to a glossary in which basic terminology is clearly defined and extensively cross referenced. The glossary can therefore be used as a reference to find the meaning of a word or expression as an aid to developing a newcomer's ideas or to provide illustrative material for essays.
