biological do we become human beings Wittgenstein wanted not to spare others the trouble of thinking but to stimulate readers to thoughts of their own Yet so much in education today leads students and their teachers along clearly planned direct routes to achievement to success without the trouble of thinking Knowledge and understanding are displaced by transferrable skills and competences with teacher education reduced to priorities of classroom management skills and curriculum delivery In this climate there is a new growth of interest in the illumination Wittgenstein provides for enquiry into education This collection originating in the Annual Conference of the British Wittgenstein Society in 2018 celebrates this influence and demonstrates the range of Wittgenstein s importance for education

[The Blue Door](#) Charlotte Velez,2024-12-04 A chilling wind whispers secrets at Seabrook Manor a grand Victorian perched on the rugged Maine coast Elara Hayes feels it too a creeping unease beneath the veneer of her perfect life Her architect husband Elias dismisses it as stress but Elara suspects the source is far more sinister a vibrant blue door in the basement pulsing with an unsettling energy The discovery of an old photograph a girl who is Elara s uncanny double her eyes wide with a terror that transcends time ignites an obsession Cryptic notes appear as if from thin air and her children speak of unseen playmates their drawings filled with swirling vortexes of blue and shadowy figures lurking in doorways Elias increasingly distant dismisses Elara s fears Desperate she turns to Imogen Quinn a local historian whose knowledge of the region s hidden past runs deep Imogen unearths a history far darker than Elara could have imagined generations of unexplained disappearances hushed up deaths and a dark pact made with unseen forces all tied to the Hayes family Some doors Imogen warns are best

left unopened But Elara driven by the growing dread that permeates her life finds an antique key and descends into the basement the blue door beckoning her into the unknown The room beyond is not empty A chilling tableau awaits a testament to a ritualistic sacrifice echoing across decades And as Elara uncovers a bloodstained journal a terrifying truth emerges she and her children are not just witnesses to this dark legacy but integral players Her idyllic life unravels revealing a web of meticulously crafted lies The man she loves the father of her children is the orchestrator of her manufactured existence the keeper of the family s terrible secret He chose her molded her groomed her for the final terrifying act of a generations old curse With the solstice approaching the time of the final sacrifice Elara must fight for survival It s not just about uncovering the truth it s about escaping the blue door s grasp and the unseen forces demanding their due But her greatest challenge lies in confronting the chilling realization that her entire life her very identity has been a lie designed to fulfill a terrifying destiny Can she break free from the past and protect her children from a fate she never knew she was meant to inherit Like Being Alive Twice Dharini Bhaskar,2024-03-29 Is there a moment so pliant that we can nudge it towards any future we desire Sometimes I believe that there is such a moment In a lifetime once In an unnamed nation that s about to rupture Priyamvada Poppy a Hindu and Tariq a Muslim are in love In a few hours Tariq intends to propose Poppy intends to say yes Both assume that they ll fend off political blowback For surely their privilege will protect them But will it Will Poppy and Tariq sustain a love so wholesome so cossetted that it remains impervious to a dystopian state Or will the two be rent apart by chance and circumstance What will their lives look like as they plunge into a brave new future together or apart Written in alternating chapters Like Being Alive Twice trails fact and possibility the tale as it was and the tale as it could have been if only arranging and rearranging tweaking and nudging hoping to find a lasting peace in one or the other story hoping above all else that such peace will prevail over murderous times Politically urgent stylistically intrepid and relentless in its commitment to scrutinizing love loss and the language of privilege Like Being Alive Twice tells of the frantic pursuit of life piled upon life even as a bloodied world closes in *The Geomantic Year* Richard Leviton,2006-11 The spiritual world blesses the Earth at least 58 times a year here s how you can join the party Do you think folklore customs about solstices and equinoxes and other regular celebration days are quaint holdovers from the past Not so Do you sometimes wish there were a way to include the entire planet in a meditation practice There is and it s called the geomantic year At least 58 times a year the spiritual world angels archangels Ascended Masters Star Angels even the Supreme Being tunes in to the Earth blesses and even heals it in real time day long events Our planet is constantly receiving input from the cosmos and heavenly realms It s all part of a rhythmic maintenance calendar in which the Earth is enlivened and all of humanity is invited to participate This book shows you how What kinds of events On Epiphany January 6 the Christ focuses on the planet to birth his Light On Bifrost Paints the Planet April 10 the Great Bear constellation envelopes the Earth in 14 rays of light On Michaelmas September 29 the Archangel Michael cleanses the Earth s sacred sites and all their plumbing Other events in the geomantic

The Inventors Peter Selgin, 2016-05-16 In the Fall of 1970 at the start of eighth grade Peter Selgin fell in love with the young teacher who'd arrived from Oxford wearing Frye boots with long blond hair and a passion for his students that was as intense as it was rebellious The son of an emotionally remote inventor Peter was also a twin competing for the attention and

affection of his parents He had a burning need to feel special The new teacher supplied that need Together they spent hours in the teacher s carriage house discussing books playing chess drinking tea and wrestling They were inseparable until the teacher resigned from his job and left Over the next ten years Peter and the teacher corresponded copiously and met occasionally their last meeting ending in disaster Only after the teacher died did Peter learn that he d done all he could to evade his past identifying himself first as an orphaned Rhodes Scholar and later as a Native American As for Peter s father the genius with the English accent who invented the first dollar bill changing machine he was the child of Italian Jews something else Peter discovered only after his death Paul Selgin and the teacher were both self inventors creatures of their own mythology inscrutable men whose denials and deceptions betrayed the trust of the boy who looked up to them The Inventors is the story of a man s search for his father and a boy s passionate relationship with his teacher of how these two enigmas shaped that boy s journey into manhood filling him with a sense of his own unique destiny It is a story of promises kept and broken as the author uncovers the truth about both men and about himself For like them like all of us Peter Selgin too is his own inventor
