The Boy Who Talked To Dogs A Memoir:

The Boy Who Talked to Dogs Martin McKenna, 2014-10-14 When Martin McKenna was growing up in Garryowen Ireland in the 1970s he felt the whole world knew him as just that stupid boy Badly misunderstood by his family and teachers Martin escaped from endless bullying by running away from home and eventually adopting or being adopted by six street dogs Camping out in barns escaping from farmers and learning to fend for himself by caring for his new friends Martin discovered a different kind of language strict laws of behavior and strange customs that defined the world of dogs More importantly his canine companions helped him understand the vital importance of family courage and self respect and that he wasn't stupid after all Their lessons helped Martin make a name for himself as the Dog Man in Australia where he now lives and dispenses his hard earned wisdom to dog owners who are sometimes baffled by what their four legged friends are trying to tell them An emotional and poignant story seasoned with plenty of Frank McCourt style humor *The Boy Who Talked to Dogs* is an inspiration to anyone who's ever been told he or she won't amount to anything It's also a unique fascinating look into canine behavior In these pages Martin shows how modern life has conditioned dogs to act around humans in some ways helpful but in other ways unnatural to their true instincts and how he has benefited enormously from learning to talk dog **Find Your**
