The Irish Detective In Yorkshire:

Irish Detective in Yorkshire Gerry O'Shea, 2014 **The Mysterious Case of the Victorian Female Detective** Sara Lodge, 2024-11-05 A revelatory history of the women who brought Victorian criminals to account and how they became a cultural sensation From Wilkie Collins to the adventures of Sherlock Holmes the traditional image of the Victorian detective is male Few people realise that women detectives successfully investigated Victorian Britain working both with the police and for private agencies which they sometimes managed themselves Sara Lodge recovers these forgotten women's lives She also reveals the sensational role played by the fantasy female detective in Victorian melodrama and popular fiction enthralling a public who relished the spectacle of a cross dressing fist swinging heroine who got the better of love rats burglars and murderers alike How did the morally ambiguous work of real women detectives sometimes paid to betray their fellow women compare with the exploits of their fictional counterparts who always save the day Lodge's book takes us into the murky underworld of Victorian society on both sides of the Atlantic revealing the female detective as both an unacknowledged labourer and a feminist icon

pivotal lines and turning points serving as touchstones for the collection's central themes Martin Foran - The Forgotten Man JR Stephenson, 2014-11-17 With only a short time to live Foran's has been a lone voice against the establishment for 40 years before suppressed evidence emerged to prove his innocence After two false convictions and spending over 19 years locked up for crimes he did not commit Foran's second conviction was quashed in 2013 but alarmingly compensation was refused and is still being fought for Continuing his fight against his first conviction it was eventually referred to the Court Of Appeal and this too was quashed on October 3rd 2014 In their determination to convict him the West Midlands Serious Crime Squad resorted to an unprecedented level of corruption and fraud This corruption became endemic right to the top of the Force and into heart of the justice system until Lord Justice Leveson ordered the disbandment of the Squad The events are written in candid detail and reveal disturbing evidence of corruption at the highest level *Wicked Beyond Belief: The Hunt for the Yorkshire Ripper (Text Only)* Michael Bilton, 2012-11-29 Now a major TV series A masterpiece that reads like a thriller Time Out A gripping and probing account of the biggest criminal manhunt in British history **Sticks and Stones and Other Shenanigans** Mick Shore, 2021-03-12 Sticks and Stones and other Shenanigans is the inspiring story of martial arts instructor extraordinaire Mick Shore born in Doncaster in 1968 of Irish and Anglo Indian heritage Sticks and stones may break my bones but names will never hurt me so the saying goes but Mick Shore was to learn that names do indeed hurt However he never let anyone see him cry instead he used the hateful name calling to make him stronger Raw truths from the son of an Irishman former victim of bullying and accomplished all round martial artist in the world of martial arts Did you know In the 18th Century the faction fighters of Tipperary used to gather together in groups or fighting factions to do battle with each other over territory or land disputes This fighting involved the use of bata or clubs and when the law prohibited the carrying of a club or gavel the fighters extended these bata to the length of a walking cane to get around the new law Often the bata had the end or knob filled with lead for greater striking power in combat and this later became known as a shillelagh In these battles the men would sometimes be accompanied by their wives as backup These women would put stones into handkerchiefs and using these like a slingshot would throw them at the enemy As a result they were referred to as stone throwers or stone chuckers The men and fighting women of Tipperary were fierce and the faction fighting spread throughout the south of Ireland with the last being held in 1887 in Cappawhite near Cashel Co Tipperary only a few miles from where Mick's family are from and where his father was born **British Intelligence and the Fenians, 1855-1880** Padraic C Kennedy, 2024-11-26 Shows how mid Victorian efforts to gather information about the Fenians laid the foundation for later British domestic intelligence in both Ireland and mainland Britain British Intelligence and the Fenians provides the first narrative account of the sustained and systematic use of espionage and secret policing in response to Fenianism between 1855 and 1880 It shows that despite the absence of a formal separate political police force or permanent intelligence agency the British administration in Ireland created a sophisticated intelligence network to combat the revolutionary threat posed by

the Fenian Brotherhood in America and the Irish Republican Brotherhood in Britain The hub of this intelligence network was the Irish administration's F Department which analysed thousands of reports about Fenianism from throughout Great Britain North America and continental Europe Authorities also established a corresponding separate and secret organization in London Such arrangement provided both Irish and English officials ready access to shared intelligence about Fenianism until the end of the 1870s However government's agents never managed to infiltrate the leadership of the Fenian organization in Ireland Such failure left Ireland's rulers uncertain about Fenian intentions and prone to resort to extra legal measures in response to perceived threats The book makes an invaluable contribution to our understanding of early political policing and espionage in Britain By examining in detail what information was collected how it was analysed and disseminated and the use policy makers made of it it more generally offers an interpretation of the role of intelligence in governing Ireland PADRAIC C KENNEDY is Associate Professor at the Department of History and Political Science York College of Pennsylvania

Terror's Triumph William Meier, 2024-11-19 The idea of modern terrorism and the practice of terrorist violence emerged in Britain's first colony Ireland before spreading through imperial networks to South and East Asia to Africa and to the Middle East Thus empire not only birthed terror but also made it global And the sheer spread diversity and longevity of that empire produced multiple stages in the evolution of terrorism from rural intimidation to urban guerilla warfare to homegrown radicalism Indeed today's global terror challenges the ethics of counter terrorism the threats of Islamist and international terrorism and the rise of homegrown right wing extremism all have roots in colonialism

Special Branch Ray Wilson,2015-08-20 Initially tasked with combatting the threat of Irish republican terrorists in the reign of Queen Victoria the Metropolitan Police Special Branch went on to play a major role in the defence of the realm for over 120 years Over time the Branch as it came to be known assumed a much wider role and was held responsible for monitoring the activities of anarchists Bolsheviks and even the suffragettes Later it became the executive arm of MI5 in dealing with espionage cases as much to their frustration the Security Service had no power to arrest potential spies As the war against terrorism became more intense in the latter half of the twentieth century Special Branch worked closely with the Anti Terrorist Branch in tackling this new threat Packed with accounts of extraordinary missions life saving acts of bravery and high risk intelligence gathering Special Branch offers the first complete history of this unique but now defunct service which was subsumed into the Counter Terrorism Command of the Metropolitan Police in 2006 Special Branch veterans Ray Wilson and Ian Adams have brought this long and distinguished history to life with the help of recollections from former colleagues as well as their own experiences of life in the Branch In doing so they have also illuminated the underlying friction marring its relations with the Security Service without doubt a factor in its eventual demise
