000 rupee notes would be withdrawn immediately from circulation At a stroke Mr Modi rendered 85% of currency worthless outside a bank branch Old notes would have to be exchanged for limited supplies of new currency It was justified as a move designed to fight corruption and target people who have been dodging taxes by holding stockpiles of cash known in India as black money This Book gives a complete analysis for Indian Demonitisation Scheme Many initially saw the withdrawal of banknotes as a price worth paying to eliminate graft The short term impact of demonetisation has been dramatic the 2 trillion Indian economy will shrink While Mr Modi campaigned to end corruption it would have been better if the government had updated its antiquated tax system to realise such a task This book analyze and give the road ahead for Indian economy post demonitisation Book further reviews large surplus liquidity post demonetisation led to a significant improvement in monetary policy transmission as reflected in a significant decline in deposit and lending interest rates
