Macdonald, 2010 During the French Revolutionary and Napoleonic Wars the Royal Navy increased its manpower from less than 20 000 to over 147 000 men with a concomitant increase in the quantities of food and drink required to sustain them The organisation responsible for this the Victualling Board performed its tasks using techniques and systems which it had developed over the previous 110 years In terms of actually delivering supplies to warships troopships and army garrisons abroad the Victualling Board performed well given the constraints of long distance communications and intermittent difficulties in obtaining supplies However its other areas of responsibility showed poor performance as evidenced by the reports of several Parliamentary enquiries This book examines in detail the processes by which the Victualling Board performed its core and non core tasks identifying the areas of competence and incompetence and establishing the underlying causes of the incompetencies **DK Eyewitness Travel Guide Portugal** DK

Stefan Müller-Doohm, 2016-09-22 Jürgen Habermas wrote the American philosopher Ronald Dworkin on the occasion of the great European thinker's eightieth birthday is not only the world's most famous living philosopher Even his fame is famous Now after many years of intensive research and in depth conversations with contemporaries colleagues and Habermas himself Stefan Müller-Doohm presents the first comprehensive biography of one of the most important public intellectuals of our time From his political and philosophical awakening in West Germany to the formative relationships with Adorno and Horkheimer Müller-Doohm masterfully traces the major forces that shaped Habermas's intellectual development He shows how Habermas's life and work were conditioned by the possibilities offered to his generation in the unique circumstances of regained freedom that characterized postwar Germany And yet Habermas's career is fascinating precisely because it amounts to more than a corpus of scholarly work however original and influential that may be For here is someone who continually left the protective space of the university in order to assume the role of a participant in controversial public debates from the significance of the Holocaust to the future of Europe and in this way sought to influence the development of social and political life in an arena much broader than the academy The significance and virtuosity of Habermas's many

writings over the years are also fully and expertly documented ranging from his early work on the public sphere to his more recent writings on communicative action cosmopolitanism and the postnational condition What emerges from this biography is a vivid portrait of one of the great public intellectuals of our time a unique thinker who has made an immense and lasting philosophical contribution but who when he perceives that society is not living up to its potential for creating free and just conditions for all becomes one of its most rigorous and persistent critics
