The London Satyr:

The London Satyr Robert Edric, 2011-05 It is the summer of 1891 and London is simmering under an oppressive heatwave The air is thick with tension and sexual repression But another wave is about to rock the capital one of morality as Oliver Wheeler and the puritans of his London Vigilance Committee seek out perversion and aberrant behaviour in all its forms *The Lively Arts of the London Stage, 1675-1725* Kathryn Lowerre, 2016-12-05 Unlike collections of essays which focus on a single century or whose authors are drawn from a single discipline this collection reflects the myriad performance options available to London audiences offering readers a composite portrait of the music drama and dance productions that characterized this rich period Just as the performing arts were deeply interrelated the essays presented here by scholars from a range of fields engage in dialogue with others in the volume The opening section examines a famous series of 1701 performances based on the competition between composers to set William Congreve's masque *The Judgment of Paris* to music The essays in the central section the mainpiece showcase performers and productions on the London stage from a variety of perspectives including English tastes in art and music the use of dance the depiction of madness and masculinity in both spoken and musical performances and genres and modes in the context of contemporary criticism and theatrical practice A brief afterpiece looks at comic pieces in relation to satire parody and homage By bringing together work by scholars of music dance and drama this cross disciplinary collection illuminates the interconnecting strands that shaped a vibrant theatrical world **Ancient Carved Ambers in the J. M.
