Rambling Man Walks the East Highland Way Andrew Bowden, 2015-01-31 Scotland It's beautiful Something about the trees the lochs and of course the wide range of single malt whiskys as well Oh and there's some lovely walking up there as well Such as the East Highland Way It's a nice walk It has trees lochs and of course places where you can purchase from a wide range of single malt whiskys The lure of the East Highland Way was so strong that some people just have to hoist rucksacks on their backs and rush to the train station with a good friend to do it And who wouldn't Along the way such a person will see other things too Old bridges lots of rivers the remains of crofts and a hydroelectric scheme And there will be some tales to be told at the end of it as well Maybe at the end of it someone who walked the trail will write some sort of book about it all Well stranger things have happened **The Man Who Walked Away** Maud Casey, 2014-03-04 In a trance like state Albert walks from Bordeaux to Poitiers from Chaumont to Macon and farther afield to Turkey Austria Russia all over Europe When he walks he is called a vagrant a mad man He is chased out of towns and villages ridiculed and imprisoned When the reverie of his walking ends he's left wondering where he is with no memory of how he got there His past exists only in fleeting images Loosely based on the case history of Albert Dadas a psychiatric patient in the hospital of St Andr in Bordeaux in the nineteenth century The Man Who Walked Away imagines Albert's wanderings and the anguish that caused him to seek treatment with a doctor who would create a diagnosis for him a narrative for his pain In a time when mental health diagnosis is still as much art as science Maud Casey takes us back to its tentative beginnings and offers us an intimate relationship between one doctor and his patient as together they attempt to reassemble a lost life Through Albert she gives
