

Kite Runner: Chapter 1

Element	Notes
Plot summary	This very brief chapter begins with Amir reflecting on Hassan's rape, as an adult living in the US in 2000/2001. He realises how it has affected him throughout his life and then receives a phone call from Rahim Khan (in Summer 2000) in Pakistan. He tells him that "there is a way to be good again", these words ringing in Amir's ears as he walks along Spreckels Lake. He notices kites in the sky.
Characters	Amir (main character, now an adult) and Rahim Khan (Baba's friend and business partner, who is dying).
Themes and features	Lots of time adverbials are used (e.g. "one day last summer") to show the passing of time, as is the past tense. Amir hints at tragedy in his past with the phrase "how you can bury it" suggesting that in the "alley" he was traumatised by what he saw. This makes the reader wonder what could have affected him in such a significant way. The symbolic "pair of kites" who were "soaring" and "clawed" suggests a kind of joyful freedom, however the fact that they are looking down on Amir "like a pair of eyes" hints that parts of his Afghan heritage always surround him - he cannot escape his past. Flashback and foreshadowing are also used to move between time zones, whilst the imagery of "bury" and "clawing" once again suggests that the past never leaves you.
Context	2001 was a significant year for the US, due to the 9/11 terrorist attack which saw Afghans and Muslims alienated from their communities, who viewed them as a threat. Amir refers to the winter of 1975, as if Hassan's rape changed him forever. This date is ingrained in his mind. The Golden Gate Bridge is significant as it is where a young Amir had always dreamed of visiting, as well as symbolising American greatness and San Francisco as an influential city. Kite flying is an important cultural tradition in Afghanistan, being one of the few pursuits that is enjoyed by everyone. The love for the sport was strengthened by the Taliban banning it, reinforcing a sense of pride and patriotism amongst Afghans. Indeed, it has become something of a national obsession and is now a form of vital escapism from the horrors of war.
Afghan vocabulary	"Baba" means father.

don't have to be old enough to take responsibility. The main problem was the space for conversation between them and their parents who in their opinion were not able to decide whether their decision is personal or social and do not even force adolescents to take responsibility. During this time the most common difficulty someone faces in life is peer pressure. Even their elders repeatedly told them about right and wrong experiences but they deliberately ignored them. The problems that all the main characters faced and suffered played a big role in its development. Thus children always need proper guidance and support which can never be given to them by instilling fear in them. Adolescence is the age at which theories of theorists are used and implied. Young people are involved in various illegal activities such as terrorism, begging, drug delivery and drug use. All they need is proper guidance, care and love from parents and teachers. Through the implied versions of learning and the phases of the child protagonist included with the feeling of sin, redemption, guilt, inequality, anguish, fear, and in the end of the novels the protagonist felt with the feelings of optimism and to grow for the betterment in the lives.

The Gospel for Muslims Thabiti Anyabwile, 2018-01-02. How to meet a critical need: sharing the gospel with Muslims. There are over three million Muslims living in the United States today. Soon if not already you will have Muslim neighbors and coworkers. Does the thought of reaching out to them with the gospel make you nervous? How can you effectively communicate the good news with such large theological differences? The Gospel for Muslims can help make sharing your faith easier than you think. Thabiti Anyabwile, who is himself a convert from Islam to Christianity, instructs you in ways to discuss the good news of Christ with your neighbors and friends. The Gospel for Muslims allows you to focus on the people rather than the religious system. Meant for the average Christian, it is not an exhaustive apologetic or comparative study of Christianity and Islam. Rather, it compellingly stirs confidence in the gospel, equipping you with the basics necessary to communicate clearly, boldly, and winsomely.

Reading as Therapy Timothy Aubry, 2006-05-01. font face font family Myriad Pro p MsoNormal li MsoNormal div MsoNormal margin 0in 0in 0 0001pt font size 12pt font family Times New Roman div Section1 page Section1. Why do Americans read contemporary fiction? This question seems simple but is it? Do Americans read for the purpose of aesthetic appreciation? To satisfy their own insatiable intellectual curiosities? While other forms of media have come to monopolize consumers' leisure time in the past two decades, book clubs have proliferated. Amazon has sponsored thriving online discussions. Oprah Winfrey has inspired millions of viewers to read both contemporary works and classics, and novels have retained their devoted following within middlebrow communities. In *Reading as Therapy*, Timothy Aubry argues that contemporary fiction serves primarily as a therapeutic tool for lonely, dissatisfied middle-class American readers, one that validates their own private dysfunctions while supporting elusive communities of strangers unified by shared feelings. Aubry persuasively makes the case that contemporary literature's persistent appeal depends upon its capacity to perform a therapeutic function. *Reading as Therapy* traces the growth and proliferation of psychological concepts focused on the subjective interior within mainstream middle-class society and the impact this has had on contemporary fiction. The

prevailing tendency among academic critics has been to decry the personal emphasis of contemporary fiction as complicit with the rise of a narcissistic culture the ascendancy of liberal individualism and the breakdown of public life Reading as Therapy by contrast underscores the varied ideological effects that therapeutic culture can foster To uncover the many unpredictable ways in which contemporary literature answers the psychological needs of its readers Aubry considers several different venues of reader response including Oprah's Book Club and Amazon customer reviews the promotional strategies of publishing houses and a variety of contemporary texts ranging from Khaled Hosseini's *The Kite Runner* to Anita Shreve's *The Pilot's Wife* to David Foster Wallace's *Infinite Jest* He concludes that in the face of an atomistic social landscape contemporary fiction gives readers a therapeutic vocabulary that both reinforces the private sphere and creates surprising forms of sympathy and solidarity among strangers

Children and Violence Bina D'Costa, 2016-10-04 Children's diverse experiences during periods of conflict post conflict and peacetime reveal that their roles in society and political communities are complex Based on this premise this book suggests that understanding children's roles involves a critical analysis of where the child is

situated within her his family within socio political networks and within the state Through examining various case studies in South Asia a region that is marked as much by its homogeneity as by its immense diversity the book observes that significant tensions exist between universal and local approaches to childhood It reflects how the development of international and national discourses on children s rights and protection is relevant to children s everyday lives in situations of conflict
