

THE LAND WHERE THE BLUES BEGAN

WINNER
OF THE 1993
NATIONAL BOOK
CRITICS CIRCLE
AWARD

"Only Alan Lomax
could have crafted
such a regal setting for
that crown jewel of
African-American
culture, the blues."
—Stephen Kennedy

ALAN LOMAX

The Land Where The Blues Began

LL Leslie

The Land Where The Blues Began:

The Land where the Blues Began Alan Lomax, 1993 Lomax who has done more than anyone else to make black music of the South known as a glorious expression of American art sums up sixty years of discovering the African American musical heritage in this journey through the Mississippi Delta *The Land where the Blues Began* Paula Tadlock, Alan Lomax, Worth W. Long, Mississippi Arts Commission, 1982 Black Enterprise, 1994-05 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance **Alan Lomax** Alan Lomax, Ronald D. Cohen, 2003 Accompany CD has excerpts from a speech given by Alan Lomax on March 7 1989 at the New York Public Library plus seven tracks of folk songs recorded by Alan Lomax **Sounding the Color Line** Erich Nunn, 2015-06 Sounding the Color Line explores how competing understandings of the U S South in the first decades of the twentieth century have led us to experience musical forms sounds and genres in racialized contexts Yet though we may speak of white or black music rock or rap sounds constantly leak through such barriers A critical disjuncture exists then between actual interracial musical and cultural forms on the one hand and racialized structures of feeling on the other This is nowhere more apparent than in the South Like Jim Crow segregation the separation of musical forms along racial lines has required enormous energy to maintain How asks Nunn did the protocols structuring listeners racial associations arise How have they evolved and been maintained in the face of repeated transgressions of the musical color line Considering the South as the imagined ground where conflicts of racial and national identities are staged this book looks at developing ideas concerning folk song and racial and cultural nationalism alongside the competing and sometimes contradictory workings of an emerging culture industry Drawing on a diverse archive of musical recordings critical artifacts and literary texts Nunn reveals how the musical color line has not only been established and maintained but also repeatedly crossed fractured and reformed This push and pull between segregationist cultural logics and music's disrespect of racially defined boundaries is an animating force in twentieth century American popular culture The Ballad of "Blind" Willie Johnson Shane Ford, 2025-05-30 In 1977 when the Voyager deep space probes were launched on their journey into interstellar space they each carried a gold record containing music from a wide variety of cultures Of the four selections of American music chosen one was a recording of Texas street evangelist Blind Willie Johnson's haunting gospel song Dark Was the Night Cold Was the Ground Despite Johnson's recording taking its place among the works intended to represent human culture to the cosmos his life has long remained shrouded in anonymity and conjecture Like many African American musicians in the segregated South of the early twentieth century he managed a precarious existence that hardly lent itself to extensive documentation Now after intensive research both in the field and in archives across the region author Shane Ford fills in many of the blanks in what may be known or deduced about the life of a musician whose work he describes as transcendent Along the way he

corrects the many errors that have arisen around Johnson and his career errors that have unfortunately been repeated so often that they have come to be accepted as fact Beginning with the earliest roots of the blues amid the moans and field hollers of enslaved persons and proceeding with imagination and meticulous regard for the available albeit sparse documentation of the life of the artist Ford paints a picture of Blind Willie Johnson and his times that allows us to perceive him in greater detail than ever before The Ballad of Blind Willie Johnson offers readers a deeper appreciation of one of the most unique voices in the history of American music

The Great River Boyce Upholt, 2024-06-11 Instant Bestseller Winner of the 2024 Willie Morris Award for Southern Nonfiction A Chicago Public Library Must Read Book of 2024 A Booklist Editors Choice A sweeping history of the Mississippi River and the centuries of human meddling that have transformed both it and America The Mississippi River lies at the heart of America an undeniable life force that is intertwined with the nation's culture and history Its watershed spans almost half the country Mark Twain's travels on the river inspired our first national literature and jazz and blues were born in its floodplains and carried upstream In this landmark work of natural history Boyce Upholt tells the epic story of this wild and unruly river and the centuries of efforts to control it Over thousands of years the Mississippi watershed was home to millions of Indigenous people who regarded the great river with awe and respect adorning its banks with astonishing spiritual earthworks The river was ever changing and Indigenous tribes embraced and even depended on its regular flooding But the expanse of the watershed and the rich soils of its floodplain lured European settlers and American pioneers who had a different vision the river was a foe to conquer Centuries of human attempts to own contain and rework the Mississippi River from Thomas Jefferson's expansionist land hunger through today's era of environmental concern have now transformed its landscape Upholt reveals how an ambitious and sometimes contentious program of engineering government built levees jetties dikes and dams has not only damaged once vibrant ecosystems but may not work much longer Carrying readers along the river's last remaining backchannels he explores how scientists are now hoping to restore what has been lost Rich and powerful The Great River delivers a startling account of what happens when we try to fight against nature instead of acknowledging and embracing its power a lesson that is all too relevant in our rapidly changing world

Redefining Southern Culture James Charles Cobb, 1999 Cobb surveys the remarkable story of southern identity and its persistence in the face of sweeping changes in the South's economy society and political structure

dust jacket **Alan Lomax** John Szwed, 2010-12-30 The remarkable life and times of the man who popularized American folk music and created the science of song Folklorist archivist anthropologist singer political activist talent scout ethnomusicologist filmmaker concert and record producer Alan Lomax is best remembered as the man who introduced folk music to the masses Lomax began his career making field recordings of rural music for the Library of Congress and by the late 1930s brought his discoveries to radio including Woody Guthrie Pete Seeger and Burl Ives By the 1940s he was producing concerts that brought white and black performers together and in the 1950s he set out to record the whole world

Lomax was also a controversial figure. When he worked for the U.S. government, he was tracked by the FBI, and when he worked in Britain, MI5 continued the surveillance. In his last years, he turned to digital media and developed technology that anticipated today's breakthroughs. Featuring a cast of characters including Eleanor Roosevelt, Leadbelly, Carl Sandburg, Carl Sagan, Jelly Roll Morton, Muddy Waters, and Bob Dylan, Szweid's fascinating biography memorably captures Lomax and provides a definitive account of an era as seen through the life of one extraordinary man. **The Invention and**

Reinvention of Big Bill Broonzy Kevin D. Greene, 2018-09-28 Over the course of his long career, legendary bluesman William Big Bill Broonzy (1893-1958) helped shape the trajectory of the genre from its roots in the rural Mississippi River Delta through its rise as a popular genre in the North to its eventual international acclaim. Along the way, Broonzy adopted an evolving personal and professional identity, tailoring his self-presentation to the demands of the place and time. His remarkable professional fluidity mirrored the range of expectations from his audiences, whose ideas about race, national belonging, identity, and the blues were refracted through Broonzy as if through a prism. Kevin D. Greene argues that Broonzy's popular success testifies to his ability to navigate the cultural expectations of his different audiences. However, this constant reinvention came at a personal and professional cost. Using Broonzy's multifaceted career, Greene situates blues performance at the center of understanding African American self-presentation and racial identity in the first half of the twentieth century. Through Broonzy's life and times, Greene assesses major themes and events in African American history, including the Great Migration, urbanization, and black expatriate encounters with European culture consumers. Drawing on a range of historical source materials as well as oral histories and personal archives held by Broonzy's son, Greene perceptively interrogates how notions of race, gender, and audience reception continue to shape concepts of folk culture and musical authenticity. *Black Veterans, Politics, and Civil Rights in Twentieth-Century America* Robert F. Jefferson Jr., 2019-01-29 Fusing riveting testimony from African American veterans with the most incisive research of current military scholars, *Black Veterans, Politics, and Civil Rights in 20th Century America: Closing Ranks* explores the intersecting characteristics of civil rights struggle and political activism that was reflected in the lives of ex-GIs throughout Twentieth Century American history. The volume examines black veterans' social and political activities throughout the 20th Century, from the World Wars through the Korean and Vietnam War, and ends with the Persian Gulf War. Presenting the full flesh and blood experiences of black veterans who came from backgrounds and from all walks of life, each essay captures how race, gender, ethnic class, disability, generation, and region shaped their experiences in the nation's military during times of war and how these issues profoundly affected the postwar politics they embraced while trying to realize the true meaning of equality in America. With original essays by emerging scholars in the field of study, *Closing Ranks* is a foundational text for reassessing the relationship between the ex-GI and the modern nation-state and providing readers with a vivid window into the harsh realities that black citizen soldiers have faced during war and its aftermath for nearly a century. [Encyclopedia of the Blues: K-Z, index](#) Edward M.

Komara,2006 First published in 2004 Routledge is an imprint of Taylor Francis an informa company The Blues Encyclopedia Edward Komara,Peter Lee,2004-07-01 The Blues Encyclopedia is the first full length authoritative Encyclopedia on the Blues as a musical form While other books have collected biographies of blues performers none have taken a scholarly approach A to Z in format this Encyclopedia covers not only the performers but also musical styles regions record labels and cultural aspects of the blues including race and gender issues Special attention is paid to discographies and bibliographies

Folklife Center News ,2010 The Guitar and the New World Joe Gioia,2014-03-12 The American guitar that lightweight wooden box with a long neck hourglass figure and six metal strings has evolved over five hundred years of social turmoil to become a nearly magical object the most popular musical instrument in the world In The Guitar and the New World Joe Gioia offers a many limbed social history that is as entertaining as it is informative After uncovering the immigrant experience of his guitar making Sicilian great uncle Gioia s investigation stretches from the ancient world to the fateful events of the 1901 Buffalo Pan American Exposition across Sioux Ghost Dancers and circus Indians to the lives and works of such celebrated American musicians as Jimmy Rodgers Charlie Patton Eddie Lang and the Carter Family At the heart of the book s portrait of wanderings and legacies is the proposition that America s idiomatic harmonic forms mountain music and the blues share a single root and that the source of the sad and lonesome sounds central to both is neither Celtic nor African but truly indigenous Native American The case is presented through a wide examination of cultural histories academic works and government documents as well as a close appreciation of recordings made by key rural musicians black and white in the 1920s and 30s The guitar in its many forms has cheered humanity through centuries of upheaval and The Guitar and the New World offers a new account of this old friend as well as a transformative look at a hidden chapter of American history

Music around the World Andrew R. Martin,Matthew Mihalka Ph.D.,2020-09-08 With entries on topics ranging from non Western instruments to distinctive rhythms of music from various countries this one stop resource on global music also promotes appreciation of other countries and cultural groups A perfect resource for students and music enthusiasts alike this expansive three volume set provides readers with multidisciplinary perspectives on the music of countries and ethnic groups from around the globe Students will find Music around the World A Global Encyclopedia accessible and useful in their research not only for music history and music appreciation classes but also for geography social studies language studies and anthropology Additionally general readers will find the books appealing and an invaluable general reference on world music The volumes cover all world regions including the Americas Europe Africa and the Middle East and Asia and the Pacific promoting a geographic understanding and appreciation of global music Entries are arranged alphabetically A preface explains the scope of the set as well as how to use the encyclopedia followed by a brief history of traditional music and important current influences of music in each particular world region **The Man who Adores the Negro** Patrick B. Mullen,2008 The challenges of interracial fieldwork **Sharecropper's Troubadour** M. Honey,2013-11-19 Folk singer and

labor organizer John Handcox was born to illiterate sharecroppers but went on to become one of the most beloved folk singers of the prewar labor movement This beautifully told oral history gives us Handcox in his own words recounting a journey that began in the Deep South and went on to shape the labor music tradition **The Routledge Handbook of Religion and American Culture** Chad E. Seales, 2025-03-31 The Routledge Handbook of Religion and American Culture explains where religion is made in the United States It offers essays profiling cultural sites including energy industry public life music arts and entertainment and life and death These sites organize the volume s 31 chapters demonstrating how cultural religion has been constructed and performed in specific historical and ethnographic case studies This volume offers a much needed resource for Religious Studies scholars and students interested in the study of religion and culture in the United States as well as those in American Studies Anthropology of Religion Sociology of Religion Material Culture Studies Environmental Studies and History *The Arts on Television, 1976-1990* Rebecca Krafft, 1991
