The image is a promotional artwork for the video game Lost Planet 2. It features a massive, dark, scaly monster with large, curved horns and a wide, toothy mouth, breathing fire. The monster's head is the central focus, with its mouth open, revealing sharp teeth and a glowing orange interior. The title "LOST PLANET 2" is overlaid in a stylized, metallic font, with a glowing orange ring around the letter "O". In the foreground, a soldier in a black and silver suit is holding a large, futuristic weapon. The background shows a dark, stormy sky with palm trees and a small figure of a person in the distance.

The Lost Planet Series Nicole Blanchard, K Webster, 2019-12 Journey to The Lost Planet with five full length novels The Forgotten Commander Our planet Mortuus is lost and dying A desolate place where a few lone survivors dwell My men have lost hope Our future is bleak Longevity is a luxury we can't afford The most we can hope for is survival We've all but given up when an opportunity presents itself Five females a chance at a future Procuring these women went against everything I'd been taught but desperate times call for desperate measures They're ours now Asleep and made ready for breeding We won't die out lost and forgotten It's our destiny to grow and once again inhabit our lonely planet I am Breccan Aloisius the forgotten commander My people will have the future they deserve I'll make sure of it My mind is made up until she wakes and nothing goes as planned The Vanished Specialist My lilapetal is dying and I can't save her The woman who brought me back to life may not live long enough to see me truly happy All the tests the experiments have failed me and I have failed her If I don't devise a cure to save my alien I'll spend the rest of my existence on Mortuus alone The others believe my mate isn't strong enough to survive That she can't breed and should be put back into cryosleep until she's healed But I won't allow it I will defy the only family I've ever known to save her Even if it means vanishing into the unknown She is all that matters and no amount of her protests will keep me from doing what I must to keep her safe The Mad Lieutenant Her voice brought me back from the darkness but I don't want the sweet relief she promises Unlike the rest of the morts on my planet I don't want a mate Especially not her She's loud boisterous and doesn't take no for an answer Unlike the rest of the alien females my brothers have woken from cryosleep Molly doesn't find my growls intimidating The more I try to ignore her the more she tries to befriend me I'd been taken captive once by the virus that nearly killed me I bear its scars not only on my body but in my thoughts No woman not even one as beautiful as Molly can heal me I don't want her but she needs me The Uncertain Scientist I had everything I ever wanted I was brilliant successful esteemed Alone But I didn't mind I liked being alone Until they stole me And I wake up captive pregnant with an alien baby and still a virgin For a race of freaks nearing extinction there seems to be far far too many of them Everywhere I turn one of the morts or their human mates wants to comfort me make me feel welcome and safe But I don't want to feel

welcome or safe I want the life they stole from me None of them pay any heed to my angry tirades least of all the father of the child I carry There s no doubt he wants the baby but that isn t all he wants In fact I m beginning to think if some of the mortals had their way I d never be alone again The Lonely Orphan Our planet has hope Still decaying and barely inhabitable but ours With the arrival of the females we re no longer lonely Well some of us aren t For the rest we ache for what they have Peace Happiness Love But where the other unmatched Mortals want a mate to call their own I m different Life cruelly made me fall for the one person I m not allowed to have Bitterness and jealousy are my mates now I ve resigned myself to the fact that I will always be alone Until my commander sends me on a mission to rescue someone very important to his mate her sister A woman so different So imperfect So maddeningly defiant Someone I have no interest in whatsoever This feral female will never own my heart Or so I thought Love always has a plan of its own

The Golden Age of Science Fiction John Wade, 2020-11-12 A detailed look at the British world of science fiction in the 1950s John Wade grew up in the 1950s a decade that has since been dubbed the golden age of science fiction It was a wonderful decade for the genre but not so great for young fans With early television broadcasts being advertised for the first time as unsuitable for children and the inescapable barrier of the X certificate in the cinema barring anyone under the age of sixteen the author had only the radio to fall back on and that turned out to be more fertile for the budding SF fan than might otherwise have been thought Which is probably why as he grew older rediscovering those old TV broadcasts and films that had been out of bounds when he was a kid took on a lure that soon became an obsession For him the super accuracy and amazing technical quality of today s science fiction films pale into insignificance beside the radio early TV and B picture films about people who built rockets in their back gardens and flew them to lost planets or tales of aliens who wanted to take over if not our entire world then at least our bodies This book is a personal account of John Wade s fascination with the genre across all the entertainment media in which it appeared the sort of stuff he reveled in as a young boy and still enjoys today Not only a well researched book grounded in hundreds of sources but also an unmistakable labor of love New York Journal of Books
