It began in Den Helder. Lancar Ida-Bagus, 2025-09-24 It Began in Den Helder by Gurubesar Lancar Ida Bagus is an uncompromising and deeply personal indictment of the often hidden forms of discrimination social inequality and mental enslavement in Den Helder and its surroundings The author intertwines his own life experiences with a broader societal portrait laying bare the prejudices racial disparities and bureaucratic indifference that pervade everyday life From the education system to social services from religion to law enforcement nothing is left untouched The book exposes how citizens whether consciously or unconsciously become complicit in exclusion and silent inequalities At the same time a powerful call resonates throughout for self awareness civic courage and spiritual liberation Ida Bagus demonstrates how inner strength discipline and truth equip individuals to navigate a harsh and unforgiving world It Began in Den Helder is not a story designed to soothe it is a wake up call urging all who are willing to truly see feel and act Authentic Defiant Indispensable
