The Light Fantastic Terry Pratchett, 2000-02-02 Rincewind a cowardly wizard is the only one who can save Discworld as it falls slowly towards a red star

The Light Fantastic Terry Pratchett, 2000-02-02 Terry Pratchett's profoundly irreverent novels are consistent number one bestsellers in England where they have garnered him a revered position in the halls of parody next to Mark Twain Kurt Vonnegut Douglas Adams and Carl Hiaasen In *The Light Fantastic* only one individual can save the world from a disastrous collision Unfortunately the hero happens to be the singularly inept wizard Rincewind who was last seen falling off the edge of the world

The Light Fantastic Terry Pratchett, 2022-09-27 Incredibly funny compulsively readable *The Times* The Discworld is very much like our own if our own were to consist of a flat planet balanced on the back of four elephants which stand on the back of a giant turtle that is What shall we do said Twoflower Panic said Rincewind hopefully He always held that panic was the best means of survival As it moves towards a seemingly inevitable collision with a malevolent red star the Discworld could do with a hero What it doesn't need is a singularly inept and cowardly wizard still recovering from the trauma of falling off the edge of the world or a well meaning tourist and his luggage which has a mind and legs of its own Which is a shame because that's all there is _____ The Discworld novels can be read in any order but *The Light Fantastic* is the second book in the Wizards series

The Light Fantastic Terry Pratchett, 1995-11 It's just one of those days when nothing seems to go right a most inopportune time for the first tourist ever to set foot and carnivorous Luggage on the Discworld to be extending his already eventful vacation Not that he currently has much choice in the matter But with a monstrous red star on a direct collision course the future for the residents of this flat planet carried by four elephants riding on the shell of a giant turtle swimming through space appears uncertain at best Fortunately there is one individual who can save Discworld from total destruction Unfortunately that hero happens to be the singularly inept wizard Rincewind who was last seen falling off the edge of the world

Gendered Magic Anna Köhler, 2025-10-20 At the surface fantastic storyworlds appear free of the constraints of reality yet for all their limitless potential most popular fantasy texts still cling to patriarchal representations of gender Drawing on the cognitive framework of Cultural Models Theory CMT this book examines the reasons behind this phenomenon by analyzing the intersection between gender and magic in four contemporary fantasy series J.K. Rowling's Harry Potter Terry Pratchett's Discworld novels Robin Hobb's Farseer trilogy and Jonathan Stroud's Bartimaeus trilogy Magic as a core manifestation of the impossible that sets fantasy apart from other genres serves as the focal point for an exploration of the strategies by which fantasy engages with gender issues on its own terms Showcasing the potential of CMT as a tool for literary analysis and more specifically as a framework through which to understand both gender and genre this book provides new insights into how readers make sense of fantastic storyworlds and the anchoring role that gender models play in that process Overall this analysis demonstrates how CMT can improve our understanding of the interplay of author reader text and cultural context and the significant role of human cognition therein
