Ken MacMillan introduces readers to the tumultuous world of Tudor and Stuart England. During this period numerous kings and queens were killed, their advisors assassinated, treasonous nobles beheaded, religious heretics burned at the stake, and common criminals executed by hanging. Combined with devastating plagues, a high rate of infant mortality, and violence on the battlefield, these events created an environment of disorder. MacMillan argues that both despite and because of the prevalence of death and disorder in early modern England, these two centuries saw critical historical developments. Each chapter opens with a thematic vignette, closes with an excerpt from a primary source, and includes images and engaging discussion questions. The book also provides a timeline of key events, genealogical charts, and a list of further resources.

The Inconspicuous God Jason W. Alvis, 2018-06-01. Dominique Janicaud once famously critiqued the work of French phenomenologists of the theological turn because their work was built on the seemingly corrupt basis of Heidegger's notion of the inapparent or inconspicuous. In this powerful reconsideration and extension of Heidegger's phenomenology of the inconspicuous, Jason W. Alvis deftly suggests that inconspicuousness characterizes something fully present and active yet quickly overlooked. Alvis develops the idea of inconspicuousness through creative appraisals of key concepts of the thinkers of the French theological turn and then employs it to describe the paradoxes of religious experience.

The Feathered World, 1923 **The Runner** Martin Kolářček, 2024-03-19. The end of the 1930s. The last months of the free Czechoslovak Republic are being written. Rose, a Czech student of French language, is not yet concerned with political events. She enjoys youthful fun, including primarily athletics and adrenaline sports of all kinds. She prefers to dedicate herself to a recently emerged sport which urban youth jokingly call running with a certain amount of exaggeration. Runners penetrate guarded urban objects and run through them. The winner is the one who covers the agreed route the fastest without being spotted by security. However, Rose's carefree youth days soon come to an end. Hitler breaks up Czechoslovakia, occupies the border regions, and eventually his troops march into Prague. In the newly created Protectorate, the Czech population becomes a defeated people without a future. That's when Rose decides to fight. As she soon discovers, her running experiences are highly sought after in the anti-Nazi resistance.
