Word Board The Great Dictator:

Charlie Chaplin and the Nazis Norbert Aping, 2023-12-15 Until recently it was assumed that the Nazis agitated against Chaplin from 1931 to 1933 and then again from 1938 when his plan to make The Great Dictator became public This book demonstrates that Nazi agitation against Chaplin was in fact a constant from 1926 through the Third Reich When The Gold Rush was released in the Weimar Republic in 1926 the Nazis began to fight Chaplin whom they alleged to be Jewish and attempted to expose him as an intellectual property thief whose fame had faded In early 1935 the film The Gold Rush was explicitly banned from German theaters In 1936 the NSDAP Main Archives opened its own file on Chaplin and the same year he became entangled in the machinery of Nazi press control German diplomats were active on a variety of international levels to create a mood against The Great Dictator The Nazis dehumanizing attacks continued until 1944 when an opportunity to capitalize on the Joan Barry scandal arose This book paints a complicated picture of how the Nazis battled Chaplin as one of their most reviled foreign artists **Hollywood Goes to War** Clayton R. Kilerci-Stevanović, 2025-06-16 This book challenges Eurocentric interpretations of the so called Turkish German cinema from a transnational perspective advocating for a comprehensive reevaluation to encourage enriched dialogues The first part critically assesses dominant media discourses on guest workers and migrants in the historiography of Turkish German cinema arguing for a shift from traditional identity focused narratives to a broader exploration of shared emotions The second part explores Arabesk which while originating as a hybrid musical genre has evolved into a significant cultural force encompassing a range of emotional phenomena Arabesk embodies the visceral often painful expressions of migration and dislocation characterized by a profound emotional intensity It articulates a painful passion and longing for the homeland left behind providing an invaluable method for understanding aesthetic nuances of Turkish German films Arabesk serves as an analytical tool for deconstructing cinematic expressions revealing complex emotional ties and cultivating a feeling of familiarity through the dynamic circulation and exchange of cultural media Thus Arabesk s poetics significantly shape transnational cinema practices and contribute to global cinema discourse **The Collected Works of Joseph Conrad:**
