Works Of Jonathan Edwards Volume 1 6:

Jonathan Edwards's Theology: A Reinterpretation Kyle C. Strobel, 2012-11-29 This volume provides an interpretative key to Jonathan Edwards's theology developed from within his own doctrinal constructs Strobel offers a dogmatic exposition of Edwards's theology by unveiling the trinitarian architecture of his thought Building upon this analysis Strobel applies his construct to reinterpret three key areas of redemption debated widely in the secondary literature spiritual knowledge regeneration and religious affection In order to achieve this purpose Strobel's approach is theological rather than philosophical employing Edwards's self confession as a Reformed theologian to guide his analysis In advancing a theological reading of Edwards Strobel focuses on the systematic nature of Edwards's theology ordering it according to his doctrinal affirmations This necessitates as many Edwards scholars now affirm a primary focus on Edwards's trinitarian theology where the Trinity serves as the key ontological principle which orders the whole of his doctrinal construction By grounding the interpretive key in Edwards's understanding of the Trinity Strobel's idiosyncratic exposition of his doctrine of the Trinity serves to recast Edwards's theology in a new light

Jonathan Edwards's Vision of Reality John J. Bombaro, 2011-10-19 Since the publication of Sang Hyun Lee's revolutionary commentary *The Philosophical Theology of Jonathan Edwards* scholars have considered the possibilities of understanding Jonathan Edwards's thought in terms of dispositional laws forces and habits While some scholars reject the notion of a dispositional ontology in Edwards others have taken the concept of disposition in his thought beyond the usage the Northampton minister ever indicated especially with respect to soteriological considerations The preacher of Sinners in the Hands of an Angry God is made to be an inclusivist if not a crypto universalist Jonathan Edwards's Vision of Reality substantiates that Edwards in an effort to combat deistic and materialistic Enlightenment paradigms employs dispositions in his philosophy but that his radical theocentrism and Calvinistic particularism established its boundaries within his apologetical reconsideration of spatiotemporal and metaphysical reality Within his spiritual vision of reality Edwards leaves no stone unturned history and even the reprobate find inherent value and a positive functional role not only in God's program of self glorification but as manifestations of divine being the damned are deformities in God The logic of Edwards's theocentric vision of reality pushes his ideas to the limits of acceptable Reformed orthodoxy and sometimes beyond those limits

Waddington,2015-07-24 This book endeavors to examine and critically assess the theological anthropology of Jonathan Edwards with a view to considering how this anthropology coheres with his apologetic methodology Specifically the question has been raised whether Edwards doctrine of man is consistent with the picture painted of Jonathan Edwards by John Gerstner that he was the epitome of the classical apologist It is argued that Edwards practiced an eclectic apologetic sans apologetic self awareness In other words Edwards was a child of his training and time **Reason and Worldviews** Owen

Anderson,2008-03-11 After the challenges of the Enlightenment from philosophers such as David Hume contemporary philosophers of religion tend to think that proof is not possible and that at best humans have arguments for the probability or plausibility of belief in God But Christianity maintains that humans should know God This book explores attempts to respond to the Enlightenment challenges by thinkers at Princeton Theological like Benjamin Warfield It considers Warfield s view of reason and knowledge of God his debate with Abraham Kuyper and the attempt to reconcile differences between these two by Cornelius Van Til It also considers Reformed Epistemology which has become popular in recent decades and is credited for a renewed interest in Christian philosophy Uncensored Brian Cosby,2015-10-01 Are you embarrassed by the Bible

The Bible is full of stories that make us uncomfortable Israelites stoned adulterers slaves were told to obey masters Jesus declared that sinners go to hell and God commanded His people to kill others both young and the old alike In response many of us opt for a feel good faith by embracing only the socially acceptable verses and passages In Uncensored Brian Cosby disrupts this deadly trajectory by explaining why all Scripture is God breathed holy and essential to us as believers And he invites you to quit hiding behind the fig leaf of half truth and embrace a healthy passionate faith **A Christian**

Perspective on Political Thought Stephen Charles Mott,1993-05-27 Arguing that Americans make political choices in terms of a general notion of right and wrong yet lack a sound objective foundation for such values evangelical scholar Stephen Mott formulates a Christian political theory that supplies such norms Drawing on theological and biblical sources Mott thoroughly develops the biblical and theological foundations for politics and political evaluation Mott proposes that political philosophies should be evaluated in light of Christian theological and ethical values specifically the understanding of power human nature the nature of group life justice and love government and time He then applies this critical framework in an evaluation of political ideologies including traditional conservatism liberalism democracy laissez faire conservatism Marxist socialism and democratic socialism He gives special attention to their classical exponents and ideas Asserting that political visions ultimately depend on cultural values that themselves require vigorous religious faith in a particular society Mott s study offers a valuable introduction to Christian political thought as well as an illuminating look at the connection

between politics and religion **An Uncommon Christian** Francis I. Kyle III, 2007-12-24 An Uncommon Christian seeks to show how and why James Brainerd Taylor 1801 1829 became a popular participant during America s Second Great Awakening and why the Princeton graduate and Yale Seminary student grew to be a frequent example of evangelical Protestant spirituality and evangelistic passion long after his untimely death Those interested in religious revivals evangelism and missions spirituality early nineteenth century American history the integration of faith and action with university or seminary studies or inspirational Christian biography will benefit from this exhaustive and long overdue book on a forgotten hero of the Protestant faith *Happiness* Randy Alcorn, 2024-06 Christians are supposed to be happy In fact we are supposed to radiate joy peace and contentment that is so unmistakable and so attractive that others are naturally drawn to us because they want what we have And yet in today s culture the vast majority of Christians are perceived as angry judgmental people who don t seem to derive any joy from life whatsoever So why aren t we happy Unfortunately many Christians are taught early on that God doesn t want us to be happy he wants us to be holy In fact many Christians are laboring under the false notion that God himself is not happy But nothing could be further from the truth God does want us to be happy The Bible is filled with verses that prove that ours is a happy joy filled God who not only loves celebrations but also desperately wants his children to be happy Why else would He go to the lengths He did to ensure our eternal happiness in His presence We know that we will experience unimaginable joy and happiness in Heaven but that doesn t mean we can t also experience joy and happiness here on earth In *Happiness* noted theologian Randy Alcorn dispels centuries of misconceptions about happiness and provides indisputable proof that God not only wants us to be happy He commands it The most definitive study on the subject of happiness to date this book is a paradigm shifting wake up call for the church and Christians everywhere

Inventing Eden Zachary McLeod Hutchins, 2014-06-24 Previous scholars have noted the Puritans edenic descriptions of New World landscapes but *Inventing Eden* is the first study to fully uncover the integral relationship between the New England interest in paradise and the numerous iconic intellectual artifacts and social movements of colonial North America Harvard Yard the Bay Psalm Book and the Quaker use of antiquated pronouns like thee and thou these are products of a seventeenth century desire for Eden So too are the evangelical emphasis of the Great Awakening the doctrine of natural law popularized by the Declaration of Independence and the first United States judicial decision abolishing slavery Be it public nudity or Freemasonry Zachary Hutchins convincingly shows how a shared wish to bring paradise into the pragmatic details of colonial living had a profound effect on early New England life and its substantial culture of letters Spanning two centuries and surveying the works of major British and American thinkers from James Harrington and John Milton to Anne Hutchinson and Benjamin Franklin *Inventing Eden* is the history of an idea that irrevocably altered the theology literature and culture of colonial New England and eventually the new republic

A Theology of Power and Privilege Joseph Caldwell, 2024-08-22 *A Theology of Power and Privilege* makes the bold assumption that it is possible to develop an antiracist theology within a constructive evangelical theological method It examines Black Liberation Theology's claims of embedded racism within White theological systems and then asks both if Reformed North American Evangelicalism evidences racism within its theology and if so how might that be addressed biblically and doctrinally while remaining true to the theological essence of evangelicalism Along the way the author engages critically with an evangelical tradition represented by John Calvin Jonathan Edwards Charles Hobbs and Carl F H Henry and considers it in the light of the critique of James Cone Having identified racism within the theological tradition the author then offers a constructive evangelical theology of power and privilege that he accesses as truly antiracist In pursuit of this theological conclusion the author explores biblical texts on liberation subjection and obedience and applies his conclusions to constructive work on the Doctrine of God This is done within an evangelical hermeneutical methodology that privileges the biblical text This book will be of interest to evangelicals who are engaged in debates around race racism and social justice either theologically or historically and theologians generally interested in the application of hermeneutics to theological method It will also be of interest to anyone regardless of tradition as a guide to how white theologians can take seriously the contributions and value of the Black intellectual tradition to their work
