Works of Arthur Cravan A. G. O'meara, Arthur Cravan, 2014-11-20 The man sometimes known as Arthur Cravan made a reputation for himself partly through violent theatrics He shot a gun over the heads of his audience he threw a boxing match in order to gain funds to traverse the ocean to New York City and finally in an act of great negation he got lost on a sail boat in the gulf of Mexico and never returned A defiant proletarian Cravan writes in such a way that spits in the face of his contemporary artists for their haughtiness and their old age as well as for their lack of interest in danger and women It s no wonder that the surrealists and the Situationists gravitated toward him *The fictions of Arthur Cravan* Dafydd

Beautiful Untrue Things Gregory Mackie,2019-07-11 Borrowing its title from Oscar Wilde s essay *The Decay of Lying* this study engages questions of fraudulent authorship in the literary afterlife of Oscar Wilde The unique cultural moment of Wilde s early twentieth century afterlife Gregory Mackie argues afforded a space for marginal and transgressive forms of literary production that ironically enough Wilde himself would have endorsed *Beautiful Untrue Things* recovers the careers of several forgers who successfully inhabited the persona of the Victorian era s most infamous homosexual and arguably its most successful dramatist More broadly this study tells a larger story about Oscar Wilde s continued cultural impact at a moment when he had fallen out of favour with the literary establishment It probes the activities of a series of eccentric and often outrageous figures who inhabited Oscar Wilde s much mythologized authorial persona in forging him they effectively wrote as Wilde in order to argue that literary forgery can be reimagined as a form of performance But to forge Wilde and generate beautiful untrue things in his name is not only an exercise in role playing it is also crucially a form of imaginative world making resembling what we describe today as fan

fiction **Acrobatic Modernism from the Avant-Garde to Prehistory** Jed Rasula, 2020-02-27 This is a book about artistic modernism contending with the historical transfigurations of modernity As a conscientious engagement with modernity s restructuring of the lifeworld the modernist avant garde raised the stakes of this engagement to programmatic explicitness But even beyond the vanguard the global phenomenon of jazz combined somatic assault with sensory tutelage Jazz like the new technologies of modernity re calibrated sensory ratios The criterion of the new as self making also extended to names pseudonyms and heteronyms The protocols of modernism solicited a pragmatic arousal of bodily sensation as artistic resource validating an acrobatic sensibility ranging from slapstick and laughter to the pathos of bereavement Expressivity trumped representation The artwork was a diagram of perception not a mimetic rendering For artists the historical pressures of altered perception provoked new models and Ezra Pound s slogan Make It New became the generic rallying cry of renovation The paradigmatic stance of the avant garde was established by Futurism but the discovery of prehistoric art added another provocation to artists Paleolithic caves validated the spirit of all over composition unframed and dynamic Geometric abstraction Constructivism and Purism and Surrealism were all in quest of a new mythology Making it new yielded a new pathos in the sensation of radical discrepancy between futurist striving and remotest antiquity The Paleolithic cave and the USSR emitted comparable siren calls on behalf of the remote past and the desired future As such the present was suffused with the pathos of being neither but subject to both Punk Is Dead Richard Cabut, Andrew Gallix, 2017-10-27 This original collection of insight analysis and conversation charts the course of punk from its underground origins when it was an un formed and utterly alluring near secret through its rapid development Punk is Dead Modernity Killed Every Night takes in sex style politics and philosophy filtered through punk experience while believing in the ruins of memory to explore a past whose essence is always elusive Italian Futurism and the Development of English Literary Modernism Robyn Jakeman, 2025-11-13 Revisiting the place of Italian Futurism in English literary modernism this book draws on a range of overlooked historical and archival sources to reassess how English writers engaged with Futurist ideas It suggests that Futurism offered a compelling response to a cultural tension that had emerged in the late nineteenth century the growing separation between art and life and considers how English modernists adapted aspects of Futurist thought in order to navigate and reshape fin de si cle cultural discourses It begins with an analysis of Italian Futurism s transnational affiliations its position in the European cultural field and a reassessment of its reception in England and goes on to re evaluate three key modernist figures the Poetry Bookshop proprietor and editor Harold Monro the Vorticist impresario Wyndham Lewis and the poet and artist Mina Loy In doing so this study not only offers an expanded account of the Futurist movement in England and Anglophone contexts but also contributes to ongoing efforts to develop a more interconnected and nuanced understanding of early modernist historiography Arthur Cravan Jack Manini, 2018-04-18 **The Bloomsbury Handbook of Modernist Archives** Jamie Callison, Matthew Feldman, Anna Svendsen, Erik Tønning, 2024-06-13 Providing a broad definitive account of

how the archival turn in humanities scholarship has shaped modernist studies this book also functions as an ongoing practitioner's toolkit including useful bibliographical resources and a guide to avenues for future work Archival work in modernist studies has revolutionised the discipline in the past two decades fuelled by innovative and ambitious scholarly editing projects and a growing interest in fresh types of archival sources and evidence that can re-contextualise modernist writing Several theoretical trends have prompted this development including the focus on compositional process within genetic manuscript studies the emphasis on book history little magazines and wider publishing contexts and the emphasis on new material evidence and global and non canonical authors and networks within the New Modernist Studies This book provides a guide to the variety of new archival research that will point to fresh avenues and connect the methodologies and resources being developed across modernist studies Offering a variety of single author case studies on recent archival developments and editing projects including Samuel Beckett Hart Crane H D James Joyce Dorothy Richardson May Sinclair and Virginia Woolf it also offers a range of thematic essays that examine an array of underused sources as well as the challenges facing archival researchers of modernism *Bas Jan Ader* Alexander Dumbadze, 2013-05-27 On July 9 1975

Dutch born artist Bas Jan Ader set sail from Chatham Massachusetts on a thirteen foot sailboat He was bound for Falmouth England on the second leg of a three part piece titled *In Search of the Miraculous* The damaged boat was found south of the western tip of Ireland nearly a year later Ader was never seen again Since his untimely death Ader has achieved mythic status in the art world as a figure literally willing to die for his art Considering the artist's legacy and concise oeuvre beyond the romantic and tragic associations that accompany his peculiar end Alexander Dumbadze resituates Ader's art and life within the conceptual art world of Los Angeles in the early 1970s and offers a nuanced argument about artistic subjectivity that explains Ader's tremendous relevance to contemporary art Bas Jan Ader blends biography theoretical reflection and archival research to draw a detailed picture of the world in which Ader's work was rooted a vibrant international art scene populated with peers such as Ger van Elk William Leavitt and Allen Ruppersberg Dumbadze looks closely at Ader's engagement with questions of free will and his ultimate success in creating art untainted by mediation The first in depth study of this enigmatic conceptual artist Bas Jan Ader is a thoughtful reflection on the necessity of the creative act and its inescapable relation to death *Disequilibria* Robert Lunday, 2023-02-15 Winner of the River Teeth Literary Nonfiction Prize *Disequilibria* Meditations on Missingness is a hybrid memoir that recounts the 1982 disappearance of the author's stepfather James Edward Lewis a pilot and Vietnam veteran Recounting his family's experiences in searching for answers Lunday interrogates the broader cultural and conceptual responses to the phenomenon of missingness by connecting his stepfather's case to other true life disappearances as well as those portrayed in fiction poetry and film In doing so *Disequilibria* explores the transience in modern life considering the military dependent experience the corrosive effects of war and the struggle to find closure and comfort as time goes by without answers
