Fighting for Your Prophetic Promises Barbara Wentroble,2011-08-01 Many Christians who receive a prophetic message or word from the Lord don t understand that its fulfillment is not necessarily automatic Others don t know how to determine if a prophetic word really is from the Lord And still others don t understand what prophetic ministry is and how it works A veteran prophetic warrior Barbara Wentroble is aware of the need for training in Bible based prophetic ministry With insight and wisdom she explains not only how prophetic ministry works but also how believers today

like biblical characters of old may need to engage in spiritual warfare in order to receive promises that really are from God Wentroble shows that prophetic words are not confined to church walls and are not for a select few Christians but for all She gives readers the guidelines and prophetic etiquette they need to help prevent abuse and misunderstanding while helping them find the incredible blessing of the biblical gift of prophecy **What Do Great Teachers Say?** Hal Holloman,Peggy H. dire need of mentorship and guidance This book is a whole new step forward for all of us as a civilization For many years and even today young Americans wander aimlessly in a pool of confusion They end up in meaningless careers with no past no future and nothing to hope for Undoubtedly the end result is misery and despair The end result is poverty and surely a feeling of emptiness Well we at Remington after interviewing over thirty thousand professionals were shockingly surprised to find that many successful professionals were disgusted with vanity publications They were disappointed with the meaningless dribble of a phone booktype registry that possibly required a magnifying glass just to read But surprisingly enough these professionals encouraged any use of their biography for humanitarian purposes Undoubtedly mentorship for our youth fell into that category So there it was born Our proudest moment as publishers was laid out before us But there was one big problem All these people needed to be interviewed in depth and generic biographies certainly would not inspire So with that we swallowed hard and our staff got to work Yes it was and still is a grueling time consuming mission and undertaking But in the end as you may witness as you read this book the content is quite spectacular and certainly worth the effort We would also like to mention that the participants in this book also spent much time sending us information and encouraging us to make this book worthy of their efforts Now it was up to us to uphold the dignity of these professionals and forge forward into a future where a student can explore his or her life with the ability to fulfill their own potentials With that this book is presented to you today and we hope that you share in our dream to build a better America from where it really matters our youth
