

Self-Regulated Strategy Development (SRSD) Instructional Model

Stage 1: Develop Background Knowledge

- Teachers identify what background knowledge and skills are needed
- Assess whether or not the students possess those requirements.

Stage 2: Discuss It

- Teacher and students discuss the writing strategy and self-regulation procedures. Each step in the strategy is examined.
- Teacher and student discuss the student's current performance on the targeted skill.

Stage 3: Model It

Modeling should:

- be presented in an authentic, enthusiastic and engaging way.
- include any prompts that will be available for students (graphic organizers, charts, etc.).
- show students how to use the steps of the strategy and effectively utilize self-regulation procedures.

Stage 4: Memorize It

- Students participate in activities to help them memorize the strategy and their personalized self-instructions.
- Students who have difficulty with memorization can be provided with prompts (cue cards with steps).

Stage 5: Support It

- Students will gradually take responsibility for using the writing strategy and self-regulating procedures.
- Teacher provides differentiated levels of support according to students progress.
- Student should be independent after writing 2-4 compositions.

Stage 6: Independent Performance

- Students independently use the writing strategy and self-regulation procedures.
- Teacher and student continue to apply plans for generalization and maintenance to evaluate efficacy.
- Other self-regulation procedures (goal setting, self-assessment) may be faded over time, as appropriate.

Srsd Model For Teaching Persuasive Writing To Secondary Students:

Literacy and Learning Thomas E. Scruggs, Margo A. Mastropieri, 2010-03-04 Among the most commonly reported characteristics of individuals with learning and behavioral disabilities are significant and persistent problems with literacy acquisition. This volume addresses important issues in the conceptualizing, assessing, and treating problems in literacy. It is of interest to clinicians, teachers, and researchers.

Literacy Instruction for Students with Emotional and Behavioral Disorders Richard T. Boon, Mack D. Burke, Lisa Bowman-Perrott, 2020-08-01 The purpose of *Literacy Instruction for Students with Emotional and Behavioral Disorders: Research Based Interventions for Classroom Practice* is to provide educators with effective research-based interventions to improve the literacy skills of students with emotional and behavioral disorders (EBD) in K-12 classrooms. This book identifies, defines, and describes a number of research-based literacy interventions and discusses their effectiveness as supports for students with EBD. Also included are examples of and guidance for how educators can implement the interventions in the classroom. Topics on integrating the use of technology-based instruction, culturally and linguistically diverse learners, and considerations for working with students with EBD in alternative educational settings are discussed as well.

Best Practices in Writing Instruction Steve Graham, Charles A. MacArthur, Jill Fitzgerald, 2007-02-24 Highly practical and accessible, this indispensable book provides clear-cut strategies for improving K-12 writing instruction. The contributors are leading authorities who demonstrate proven ways to teach different aspects of writing, with chapters on planning, revision, sentence construction, handwriting, spelling, and motivation. The use of the Internet in instruction is addressed, and exemplary approaches to teaching English language learners and students with special needs are discussed. The book also offers best practice guidelines for designing an effective writing program. Focusing on everyday applications of current scientific research, the book features many illustrative case examples and vignettes.

Academic Assessment and Intervention Steven Little, Angeleque Akin-Little, 2014-01-21 Serving students with academic deficiencies necessitates communication and collaboration among professionals from several disciplines. *Academic Assessment and Intervention* brings together divergent approaches in order to demonstrate that scientific evidence, rather than biases or previous practice, must determine assessment practices that are selected and used for particular purposes. Similar to a handbook in its comprehensive topical coverage, this edited collection provides a contextual foundation for academic assessment and intervention, describes both norm-referenced and curriculum-based assessment measurement in detail, considers the implications of both of these assessments on ethnically diverse populations, provides a clear link between assessment evidence-based interventions and the RTI model, and considers other important topics related to this area, such as teacher behavior. Intended primarily for graduate-level courses in education, school psychology, or child clinical psychology, it will also be of interest to practicing professionals in these fields.
