Topics in Geography W. F. Nichols, 2015-06-02 Excerpt from Topics in Geography These Topics were prepared especially for the use of my own schools and are therefore in every sense the product of the school room The cordial reception given to them on the part of teachers and superintendents now leads to their publication In preparing the Topics for use I aimed First To increase the value of geographical study and at the same time shorten the time usually spent on the study Second To show what to teach and what to omit Third To give a brief outline for the scientific study of any continent as based upon structure or slope Every continent should first be studied by this outline and then by the Topics Fourth To present as the title suggests the whole subject by topics and to have the topics presented always in the same order Fifth To deal sparingly or not at all in statistics but rather to have all areas taught by comparison Sixth To make more prominent the natural curiosities and wonders which are always interesting to pupils Seventh To combine language and geography For this purpose a language course is given for the primary grades which by successive steps is preparatory for the regular work in geography For the higher grades all the subjects suitable for language and object lessons are mentioned About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
