The Art Firm Pierre Guillet de Monthoux, 2004 The Art Firm explores the seemingly unorthodox alliance of the arts management and marketing Art firms as avant garde enterprises and arts corporations have existed for at least two hundred years using texts images and other types of art to create corporate wealth This book investigates how to apply the methods artists use in creating value to the methods more traditional managers use in running their businesses Guillet de Monthoux offers a crash course in aesthetics from Kant to Gadamer showing how aesthetic management and metaphysical marketing can create value

Using case studies of successful art managers from Richard Wagner to Robert Wilson the author illustrates the creative role so central to value making in contemporary economies performed by aesthetic play in art firms Along the way Guillet de Monthoux points out how responsible aesthetic management and marketing can eradicate the problems of banality and totality the two capital sins of an art based economy *L'oeuvre d'art totale* Claudine Amiard-Chevrel, Elie Konigson, 1995

Le spectacle du patrimoine Guillaume Éthier, 2017-04-26T00:00:00-04:00

La tenue récente de mégavénements sportifs au Brésil entraîne dans bien des villes du pays la conclusion de vastes campagnes de régénération urbaine dont les conséquences demeurent incertaines ce jour Entre autres choses l'importance accordée à l'image dans la gestion du patrimoine urbain fut maintes fois critiquée et nous fournit aujourd'hui une occasion de réfléchir à la question du spectacle du patrimoine Comment valoriser les actifs patrimoniaux alors que leur survie dépend de plus en plus de leur visibilité dans le flux d'images qui nous assaillent Dans cet ouvrage les délicates questions entourant la spectacularisation du patrimoine urbain sont abordées à l'aide d'exemples tirés de l'expérience du Brésil mais aussi de celles de diverses villes travers le monde The recent sporting mega events held in Brazil have given rise to widespread urban regeneration strategies the consequences of which remain uncertain In particular it is the image centric approach to urban heritage the much critiqued notion of spectacle in urban space that gives us cause for comment and reflection How do we valorize heritage sites when their survival is increasingly contingent upon their visibility on an already crowded stage With examples drawn from Brazil as well as from other cities around the world this collection investigates the sometimes difficult questions raised by the spectacularization of urban heritage
