Unsettling Absences Eric C. Thompson, 2007 In *Unsettling Absences* Eric Thompson argues that urbanism is a cultural force unbound from the city and is a pervasive presence in the Malaysian countryside Transported to rural communities urbanism has motivated migration transformed the social lives of rural inhabitants and created a deep ambivalence about personal identity This has left rural Malays feeling out of place in both the city and the village Kuala Lumpur epitomises modernity but rural Malays who move there are often marginalised in squatter settlements on its periphery The kampung symbolises home and the locus of Malay identity but schoolbooks and television have projected urbanism that marks rural life as backwards and marginal in a forward looking nation into the kampung The book challenges city bound urban studies by locating urbanism in a wider world that extends outside of the city and shows the conflicted realities of rural dwellers in an overwhelmingly urban world As others have challenged the meaning of modernity Thompson challenges the meaning of urban while still recognising the powerful effects of an ideology of urbanism *Unsettling Absences* is a call to take seriously place based identities and cultural geographies in a world where the urban rural divide is dissolving in practice but in cultural terms remains as powerful as ever

Siobhan Dunmoore Eric Thomson,2021-06-29 Now for the first time the three books that started a legend are together in a single edition Book 1 No Honor in Death Siobhan Dunmoore isn t having a good war She s had more ships shot out from under her by the invading Shrehari Empire than any other officer in the Fleet Some call her overly aggressive Others simply call her reckless What the enemy calls her is something else altogether That she gave the Shrehari a good drubbing along the way doesn t matter in the least because not all her enemies wear an Imperial uniform A reputation for bad luck is pretty much all she has left After another near defeat she wants nothing more than a long rest because this time she escaped by the thinnest of bluffs Unfortunately the Admiralty has other ideas The frigate Stingray is known as the unluckiest ship in the Fleet one whose Captain was removed in disgrace for cowardice Some in the Admiralty want to retire the old warhorse After all she is the last of her type left in service and perhaps it s time to break up the jinx permanently along with the crew But during an interstellar war every ship that could fight is needed In short order Dunmoore goes from staring down the Empire s finest on

the bridge of a wrecked battleship to taking on a demoralized semi mutinous crew scheming admirals and a deadly mystery Stingray s bad luck isn t just superstition gone rampant Between a crew that won t talk political enemies who want her gone and her personal demons she has her hands full Taking the frigate into battle under those conditions would seem foolish to anyone else but Dunmoore never shrank from a good fight Book 2 The Path of Duty Duty honour loyalty What meaning do those words still hold during an interstellar war where the difference between the enemy and one s own leadership is sometimes paper thin Unfairly relegated to punishment duty far from the battle lines and still pursued by her past Siobhan Dunmoore must sail her ship deep into pirate infested space on a quest to restore the Navy s reputation after failing to stop an attack that destroyed a civilian freighter There she hopes to find clues that might absolve Stingray s crew from blame but instead she s sucked into a vortex of intrigue and treachery that threatens not only all their lives but the future of the embattled Commonwealth Caught in a web of competing schemes for supremacy while fending off marauders mercenaries and spies Dunmoore must find a way of getting her people home safe and beyond the reach of a powerful cabal at the heart of the Admiralty Book 3 Like Stars in Heaven One last mission One mysterious passenger One baffling destination After centuries of travel an ancient log buoy finally reaches human controlled space Amid a stalemated interstellar war the Admiralty has little interest in wasting resources on what would likely be a fruitless search for the truth but someone convinced them to send an old obsolete frigate soon destined for the scrapyard on this quest Pulled from her patrol route Siobhan Dunmoore is ordered to take an envoy aboard Stingray and sail into a poorly charted and virtually unexplored region of the galaxy hidden behind interstellar dust clouds Along the way she ll encounter an old enemy now also relegated to the fringes of the war turning a voyage of discovery into a race against time and against each other All three books in this Omnibus Edition were previously published as separate titles
