

Closing Ceremony Speech - SGS MUN 2019

We were all here this weekend to represent our countries, push ourselves in debate, and pass good resolutions. But although our success in these things is important to us, I would like to take a few minutes to talk about, not success, but failure.

Having participated in our discussions, we should remember that there is no such thing as an overnight success; it's a fallacy, a myth pedalled in a world where someone may be virally catapulted to fame as an internet phenomenon in a matter of 24 hours. What I would like us to dwell on as this weekend is drawing to a close, is the work, the process that takes us towards success, towards our goals. That process sometimes includes failure. Not winning an award, but focusing on learning and improving.

There was once a lady in a market place, she saw Picasso and asked him for a self-portrait. He agreed...and drew a perfect picture in 30 seconds. He then handed it back to her and asked for \$30,000. She questioned how it could cost that much when it only took him 30 seconds. He replied, "It took me 30 years to be able draw that in 30 seconds".

It's amazing how - so often - the time taken to achieve success is forgotten; how frequently we forget what lies beyond the tip of the iceberg, the shadowy section underneath the water. But that part, the part we don't see, the part full of failure, learning and progress, is absolutely what makes success possible. If we have experienced that success today, it is because we have invested time, valued experience and learned from our mistakes and failures.

When you look at the definition of failure in the dictionary, it is defined by three words: lack of success. If we fear failure and imperfection, it ultimately means that we don't value growth and learning, it means we don't value experience and struggle, and our obsession with winning means that we're actually letting go of what we could be learning at every single point. So I hope that this weekend you have been brave and courageous in your discussions, have not be afraid to express your views. To those of you who did not win awards today, keep trying. There are always more conferences to get involved in. Learn from your mistakes, whether it is improving your public speaking skills, spending more time researching issues or gaining confidence in the committee room. Being open to improvement is important.

Sport Day Closing Speech:

Daily Report, Foreign Radio Broadcasts United States. Central Intelligence Agency,1961 **China's Quest for Sporting Mega-Events** Marcus P. Chu,2020-07-14 This book vividly elucidates the inseparable nature between politics and sport in China The holding of sporting mega events is viewed by the Chinese authorities as a prominent way to push forward the Reform and Opening up arouse the patriotism among the public and display national resurgence in the world Chinese cities thus have keenly quested for the Olympics the Asian Games and the World University Games since the 1980s Theoretically the President the Premier and the central government should provide all out support so boosting the Chinese cities odds of success The reality yet shows that their attitude towards the bids vary from case to case Through reviewing the 20 bidding cases this book aims to demystify the reasons behind The findings provide an in depth account of 1 how domestic and international political factors determine the state leaders blessing and silence as well as the central government s backing indifference and opposition and 2 how the bids for the sporting mega events are used to serve the broader political goals of the Chinese authorities at home and abroad Additionally they shed light on the political strategies to boost the Chinese cities chance of success and the political reasons for their win loss and discontinuation in the bidding contests The book will be a valuable resource for researches interested in the domestic politics and international relations of China

Decolonizing Sport Janice Forsyth,Christine O'Bonsawin,Russell Field,Murray G. Phillips,2023-11-02T00:00:00Z

Decolonizing Sport tells the stories of sport colonizing Indigenous Peoples and of Indigenous Peoples using sport to decolonize. Spanning several lands: Turtle Island, the US, Australia, Aotearoa, New Zealand, and Kenya, the authors demonstrate the two sharp edges of sport in the history of colonialism. Colonizers used sport, their own and Indigenous recreational activities they appropriated as part of the process of dispossession of land and culture. Indigenous mascots and team names, hockey at residential schools, lacrosse, and many other examples show the subjugating force of sport. Yet Indigenous Peoples used sport playing their own games and those of the colonizers including hockey, horse racing, and fishing, and subverting colonial sport rules as liberation from colonialism. This collection stands apart from recent publications in the area of sport with its focus on Indigenous Peoples sport and decolonization as well as in imagining a new way forward. [The Final Report of the President's Commission on Olympic Sports](#) United States. President's Commission on Olympic Sports, 1977

The Final Report of the President's Commission on Olympic Sports, January 1977, Washington, D.C. United States. President's Commission on Olympic Sports, 1977. [A People's History of Sports in the United States](#) David Zirin, 2008-09-09. In this long-awaited book from the rising superstar of sportswriting whose blog The Edge of Sports is read each week by thousands of people across the country, Dave Zirin offers a riotously entertaining chronicle of larger-than-life sporting characters and dramatic contests and what amounts to an alternative history of the United States as seen through the games its people played. Through Zirin's eyes, sports are never mere games but a reflection of and spur toward the political conflicts that shape American society. Half a century before Jackie Robinson was born, the black ballplayer Moses Fleetwood Walker brandished a revolver to keep racist fans at bay, then took his regular place in the lineup. In the midst of the Depression, when almost no black athletes were allowed on the U.S. Olympic team, athletes held a Counter Olympics where a third of the participants were African American. A People's History of Sports in the United States is replete with surprises for seasoned sports fans while anyone interested in history will be amazed by the connections Zirin draws between politics and pop. As Jeff Chang, author of *Can't Stop Won't Stop*, puts it: "After you read him, you'll never see sports the same way again." **Courtroom to Revolutionary Stage** Henning Grunwald, 2012-09-27. What role did the courts play in the demise of Germany's first democracy and Hitler's rise to power? *Courtroom to Revolutionary Stage* challenges the orthodox interpretation of Weimar political justice. Henning Grunwald argues that an exclusive focus on reactionary judges and a preoccupation with number-crunching verdicts has obscured precisely that aspect of trials most fascinating to contemporary observers: their drama. Drawing on untapped sources and material previously inaccessible in English, Grunwald shows how an innovative group of party lawyers transformed dry legal proceedings into spectacular ideological clashes. Supported by powerful party legal offices which have hitherto escaped scholarly notice, almost entirely, they developed a sophisticated repertoire of techniques at the intersection of criminal law, politics, and public relations. Harnessing the emotional appeal of tens of thousands of trials, Communists and emulating them, National Socialists institutionalized party legal aid in order to

build their ideological communities Defendants turned into martyrs trials into performances of ideological self sacrifice and the courtroom into revolutionary stage as one prominent party lawyer put it It is this political justice as revolutionary stage that most powerfully impacted Weimar political culture While it helps to explain Weimar s demise this argument about the theatricality of justice transcends interwar Germany Trials were compelling not because they offered instruction about the revolutionary struggle but because in a sense they were the revolutionary struggle The ideological struggle their message ran left no room for fairness no possibility of a neutral platform justice was unattainable until the Republic was destroyed

Hey You Rock Buoy, Stop Talks! Sharang Sasan,2019-06-14 Children are the most important beneficiaries of a good education yet the ones with the least power to shape it Remember what growing up was all about Thoughts events the small things that have made up our past Well this book is Jai s journey through the 90 s a young boy living in suburban Delhi who starts his life in an elite public school and lands up at the doorstep of Delhi University DU as it is commonly referred to is an amalgamation and a melting pot of so many different cultures It changes challenges and totally befuddles the young unsuspecting minds taking their first initial steps into its hallowed corridors The confusion the trials and tribulations experienced by Jai having seen one world in his school days and a completely different one in Delhi University is our story Follow Jai on his journey of discovery learning growing up as he breaks the myth surrounding Delhi University Peppered with humorous anecdotes observations and insights Jai draws you into his world as he goes about trying to understand this mystery called Life

The Game Changer Baroness Sue Campbell,2025-03-06 Sue s passion for sport in this country is unmatched David Beckham England means so much to Sue She has made a massive difference over the years for the Lionesses and she has left the whole game in a much better place Jill Scott Sue Campbell has been creating change all her life Starting as a young PE teacher on Manchester s Moss side she saw first hand the transformative power of sport Once hard to reach kids started taking initiative developing discipline and realising their full potential all they needed was the opportunity to flourish It was here that sparked the beginning of her mission to empower inspire and motivate others through sport and she hasn t looked back since Now a true pioneer in sport and leadership Sue has since been a part of some of the nation s most important sporting glories to date from overseeing the iconic 2012 Olympics to becoming Director of Women s Football at the FA and helping the Lionesses raise the winning trophy at the Euros She has been a revolutionary force for women s participation in sport both behind the scenes and on the field illustrating that there is no barrier that can t be overcome with a little persistence resilience and determination In The Game Changer Sue shares the story of her extraordinary life and career for the very first time She also offers profound lessons in leadership that go beyond the sporting realm Learn the importance of discovering your purpose how to build a winning team why learning from those around you is key and how to be an active agent for change even in challenging environments The result is a deeply inspiring invigorating and engaging narrative that much like the woman herself will change the lives of many
