TV Guide, 2004. *Calling All Authors* Valerie Connelly, 2007. Publishing a book is something like running a marathon with no water stops and no one cheering you on. The road is long, fraught with pitfalls and traps. This is not to say you are foolish to attempt literary immortality. Quite the contrary. There is always room in the marketplace for another good book. Your book reveals your voice. Your book is filled with your own blood, sweat, and tears. Your questions are many. In these pages you will find answers from publishers who appreciate their authors. From authors who followed their dream. From experts in publicity, the Internet, writing, editing, and graphic design. Publisher Valerie Connelly's radio program CALLING ALL AUTHORS on Global Talk Radio is the source for the bountiful information in this book. Her background as an educator presents this knowledge so you can learn and apply it. This is your publishing guide, the book no one has written until now.

End-of-Life Care Considerations for the Speech-Language Pathologist Helen Sharp, Amanda Stead, 2024-01-11. The crucial role of speech language pathologists (SLPs) in hospice and palliative settings receives a long-overdue focus in *End of Life Care Considerations for the Speech Language Pathologist*, the fifth volume in Plural's Medical Speech Language Pathology book series. Seasoned clinicians provide a practical guide to the terminology, context, and knowledge needed to employ best practices and address the specific needs of patients nearing the end of life. As a profession, speech language pathology focuses primarily on rehabilitation with the expectation that patients' function will improve with intervention. For patients with life-limiting conditions, SLPs play an important role in supporting patients' communication, cognition, eating, drinking, and swallowing, with an emphasis on quality of living. Clinical professionals require tailored resources to develop their knowledge and skills related to appropriate care and treatment in hospice and palliative care contexts, which have been hard to find until now. Nearly all patients experience difficulties with communication and eating as they near the end of life. Patients, family members, and professionals benefit if the patient can communicate their symptoms, indicate the effectiveness of symptom management strategies, participate in setting care goals, and engage in social, emotional, and spiritual conversations with family and members of the care team. This book provides SLP professionals guidance in how to offer meaningful assessments.

and interventions that meet patients needs The book contains case examples together with the latest research and contributing clinicians years of experience Supported by these effective and thoughtful strategies SLPs can offer both comfort and care for patients in their final days Key Features An overview of and introduction to the key concepts and benefits of hospice and palliative care Guidance on terminology and standard models of end of life care Adult and pediatric case studies with frequently encountered scenarios Chapters authored by a renowned team of contributors Discussion of legal and ethical considerations Practical techniques and strategies for assessment and intervention

**Reading and the Reference Librarian** Juris Dilevko, Lisa Gottlieb, 2014-10-16 Reference librarians are no longer expected to know much about the information they find they are merely expected to find it Technological competency rather than knowledge has become the order of the day In many respects reference service has become a matter of typing search terms into a library's online catalog or a web search engine and providing the patron with the results of the search Calling for a re-intellectualization of reference librarianship this book suggests another approach to providing quality reference service reading The authors surveyed both academic reference librarians and public library reference personnel in the United States and Canada about their reading habits From the 950 responses the authors present findings about the extent to which librarians read newspapers periodicals fiction and nonfiction and recount and analyze stories about how reading has made them better librarians The authors also report that North American professors in the humanities and social sciences believe that the best reference librarians are those who have wide ranging subject based knowledge as opposed to the type of process based functional knowledge that is increasingly dominating the curricula of many Library and Information Science programs

Love Is a Canoe Ben Schrank, 2025-09-23 A New York Times Book Review Editors Choice Ben Schrank's Love Is a Canoe is a smart funny romantic and hugely satisfying novel about the fragility of human relationships and a heartwarming reminder of what it really means to be good to those we love The author of a classic self help guide to love and relationships Peter Herman has won the hearts of romantics and cynics alike But decades have passed since Marriage Is a Canoe was published and a recently widowed Peter begins to question his own advice Much to his chagrin he receives a call from Stella Petrovic an ambitious young editor in New York City who forces him to reconsider his life's work not to mention the full force of his delusions The book's fiftieth anniversary is approaching and Petrovic has devised a contest to promote the new edition The prize The chance for the winning couple a pair of outwardly happy Brooklynites named Emily and Eli to save their relationship by spending a weekend with the reclusive author If Peter is going to help the contest's winners he must discover what he meant when he wrote Marriage Is a Canoe and also find a way for himself to love again
