Writings on American History, 1926 **Monroe, North Carolina, Turning Point in American History** Conrad J. Lynn, 1962 **Food and Drink in American History** Andrew F. Smith, 2013-10-28 This three volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants The expression you are what you eat certainly applies to Americans not just in terms of our physical health but also in the myriad ways that our taste preferences eating habits and food culture are intrinsically tied to our society and history This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages as well as dozens of historical recipes for traditional American foods and a third volume of more than 120 primary source documents Never before has there been a reference work that coalesces this diverse range of information into a single set The entries in this set provide information that will transform any American history research project into an engaging learning experience Examples include explanations of how tuna fish became a staple food product for Americans how the canning industry emerged from the Civil War the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages and how taxation on beverages like tea rum and whisky set off important political rebellions in U S history [Annual Report of the American Historical Association](#) American Historical Association, 1903 [Public Choice Analyses of American Economic History](#) Joshua Hall, Marcus Witcher, 2018-10-04 This book the second of two volumes looks at episodes in American economic history from a public choice perspective Each chapter discusses citizens special interests and government officials responding to economic incentives in both markets and politics In doing so the book provides fresh insights into important periods of American history from the First Nationalist Movement of 1783 to the perpetual renewal of the Federal Reserve in 1927 This volume features the work of prominent economic historians such as Hugh Rockoff well known public choice scholars such as Joshua Hall and J R Clark and younger scholars such as Marcus Witcher and Zachary Gocenour This book will be useful for researchers and students interested in economics history political science economic history public choice and political economy [US History in 15 Foods](#) Anna Zeide, 2023-01-12 From whiskey in the American Revolution to Spam in WWII food reveals a great deal about the society in which it exists Selecting 15 foods that represent key moments in the history of the United States this book takes readers from before European colonization to the present narrating major turning points along the way with food as a guide US History in 15 Foods takes everyday items like wheat bread peanuts and chicken nuggets and shows the part they played in the making of America What did the British colonists think about the corn they observed Indigenous people growing How are oranges connected to Roosevelt s New Deal And what can green bean casserole tell us about gender roles in the mid 20th century Weaving food into colonialism globalization racism economic depression

environmental change and more Anna Zeide shows how America has evolved through the food it eats

Blood Done Sign My Name Timothy B. Tyson, 2007-12-18 The riveting true story of the fiery summer of 1970 which would forever transform the town of Oxford North Carolina a classic portrait of the fight for civil rights in the tradition of To Kill a Mockingbird Chicago Tribune On May 11 1970 Henry Marrow a twenty three year old black veteran walked into a crossroads store owned by Robert Teel and came out running Teel and two of his sons chased and beat Marrow then killed him in public as he pleaded for his life Like many small Southern towns Oxford had barely been touched by the civil rights movement But in the wake of the killing young African Americans took to the streets While lawyers battled in the courthouse the Klan raged in the shadows and black Vietnam veterans torched the town's tobacco warehouses Tyson's father the pastor of Oxford's all white Methodist church urged the town to come to terms with its bloody racial history In the end however the Tyson family was forced to move away Tim Tyson's gripping narrative brings gritty blues truth and soaring gospel vision to a shocking episode of our history FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD If you want to read only one book to understand the uniquely American struggle for racial equality and the swirls of emotion around it this is it Milwaukee Journal Sentinel Blood Done Sign My Name is a most important book and one of the most powerful meditations on race in America that I have ever read Cleveland Plain Dealer Pulses with vital paradox It's a detached dissertation a damning dark night of the white soul and a ripping yarn all united by Tyson's powerful voice a brainy booming Bubba profundo Entertainment Weekly Engaging and frequently stunning San Diego Union Tribune

The Civil War Era and Reconstruction Mary Ellen Snodgrass, 2015-03-26 The encyclopedia takes a broad multidisciplinary approach to the history of the period It includes general and specific entries on politics and business labor industry agriculture education and youth law and legislative affairs literature music the performing and visual arts health and medicine science and technology exploration life on the Western frontier family life slave life Native American life women and more than a hundred influential individuals

Battles That Changed American History Spencer C. Tucker, 2014-01-22 A fascinating and informative analysis by a distinguished military historian of the 100 most influential battles in American history presented in an accessible ready reference format The Battle of Okinawa April June 1945 resulted in more U S Navy casualties than all of the navy's previous wars combined these heavy casualties influenced the decision to employ the atomic bomb against Japan that August This is just one of many instances in American military history when the outcome of a battle helped to establish the course of history the focus of this latest encyclopedia from esteemed historian Spencer C Tucker The 100 battles spotlighted in this work which include defeats as well as victories are deemed to have had the greatest impact on American history Spanning more than 500 years of military events the book begins its coverage with the Battle of Mabila in 1540 during the Age of Discovery and ends with the Second Battle of Falluja during the Iraq War Insurgency in 2004 Expertly written informative and thoughtful this analysis will be insightful and interesting for all high school undergraduate and general readers

Laboring Women Jennifer L.

Morgan,2011-09-12 When black women were brought from Africa to the New World as slave laborers their value was determined by their ability to work as well as their potential to bear children who by law would become the enslaved property of the mother's master In *Laboring Women: Reproduction and Gender in New World Slavery* Jennifer L. Morgan examines for the first time how African women's labor in both senses became intertwined in the English colonies Beginning with the ideological foundations of racial slavery in early modern Europe *Laboring Women* traverses the Atlantic exploring the social and cultural lives of women in West Africa slaveowners' expectations for reproductive labor and women's lives as workers and mothers under colonial slavery Challenging conventional wisdom Morgan reveals how expectations regarding gender and reproduction were central to racial ideologies the organization of slave labor and the nature of slave community and resistance Taking into consideration the heritage of Africans prior to enslavement and the cultural logic of values and practices recreated under the duress of slavery she examines how women's gender identity was defined by their shared experiences as agricultural laborers and mothers and shows how given these distinctions their situation differed considerably from that of enslaved men Telling her story through the arc of African women's actual lives from West Africa to the experience of the Middle Passage to life on the plantations she offers a thoughtful look at the ways women's reproductive experience shaped their roles in communities and helped them resist some of the more egregious effects of slave life Presenting a highly original theoretically grounded view of reproduction and labor as the twin pillars of female exploitation in slavery *Laboring Women* is a distinctive contribution to the literature of slavery and the history of women **Scarlett Doesn't Live Here Anymore** Laura F. Edwards,2000 Establishing the household as the central institution of southern society Edwards delineates the inseparable links between domestic relations and civil and political rights in ways that highlight women's active political role throughout the nineteenth century She draws on diaries letters newspaper accounts government records legal documents court proceedings and other primary sources to explore the experiences and actions of individual women in the changing South demonstrating how family kin personal reputation and social context all merged with gender race and class to shape what particular women could do in particular circumstances **Promises to Keep** Donald G. Nieman,2020-02-03 At a time when race remains a divisive issue *Promises to Keep* offers a compelling analysis of how conflict over African Americans' place in American society has shaped the Constitution law and Americans' understanding of citizenship and rights Engaging and accessible yet based on the latest scholarship it shows how African Americans have played a critical role in transforming the Constitution from a bulwark of slavery to a document that is truer to the nation's promise of equality Comprehensive in scope *Promises* moves from debates over slavery at the nation's founding to contemporary discussions of affirmative action voting rights mass incarceration and police brutality In the process it provides readers with a historical perspective critical to understanding some of today's most compelling issues *AP US History Premium* Eugene V.
