Smart Girls Get What They Want:

Smart Girls Get What They Want Sarah Strohmeier, 2012-06-26 Gigi Bea and Neerja are best friends and total overachievers. Even if they aren't the most popular girls in school, they aren't too worried. They know their real lives will begin once they get to their Ivy League colleges. There will be Ivy and there will be cute guys in the libraries, hopefully with English accents. But when an unexpected event shows them they're missing out on the full high school experience, it's time to come out of the honors lounge and into the spotlight. They make a pact: They will each take on their greatest challenge and they will totally rock it. Gigi decides to run for student rep, but she'll have to get over her fear of public speaking and go head to head with gorgeous California Will. Bea used to be one of the best skiers around until she was derailed. It could be time for her to take the plunge again. And Neerja loves the drama club but has always stayed behind the scenes until now. These friends are determined to show the world that smart girls really can get what they want, but that could mean getting way more attention than they ever bargained for.

Getting What You Want Kathy Love, 2010-04-06 In this delightful heartwarming novel, Kathy Love introduces the Stepp sisters, three women whose lives are about to take a turn for the wild, the unpredictable, and the absolutely enchanting. Meet Abby. Note to self: Remind me to have my head examined. What exactly possessed me to come home to Millbrook, Maine, where nothing changes but the weather? Oh, right. A six-month grant to do genetics research at Rand Laboratories. What can I say? I'm a smart girl. And smart girls get what they need and get out again. Smart girls don't dream they settle. And smart girls do not get completely tongue-tied while holding a basket of fried clams when they bump into the most gorgeous man they haven't seen in fifteen years. Chase Jordan. Remind me to have my hormones removed. Chase Jordan. Town bad boy. Rebel with a cause to show up in my dreams. Unannounced. Oh, boy. This is not good. Not smart. It's like high school all over again. But in a good way. A heart-thumping way. An I-have-no-idea-what's-going-to-happen way. A way that's making me feel like maybe settling for what I have isn't so smart, but really going after what I want is the craziest thing I may ever do.

Not only are teens continuing to read for pleasure, but many adults have discovered the joys of teen literature. As part of the Genreflecting Advisory Series, Teen Genreflecting provides librarians with a road map to the vibrant and diverse body of literature focusing on recent fiction for teens, organizing and describing some 1,300 titles most published within the past ten years, along with perennial classics. The authors indicate where each title fits in the genre scheme, its subject matter, format, and general reading level, and any pertinent awards. They also provide advice on readers advisory services to teens, descriptions of genres and subgenres, and lists of favorites for each genre. As with previous editions, this guide will prove invaluable to librarians building their teen collections and will help them assist
