engineers and scientists **The Quiet Comeback** Casey Wahl, 2015-10-09 The Quiet Comeback features in depth interviews with the visionary founders behind 20 of Japan's most successful startups. This diverse cast of entrepreneurs is challenging the status quo of corporate Japan, setting the stage for the resurgence of the country's once great tech industry. These wide-ranging stories from the front lines of Tokyo's venture scene offer an inside view of how successful startups are built within Japan's unique culture and business environment. Peppered with practical tips and market insights, the conversations offer a broad snapshot of the Tokyo tech world. In their own words, founders share the struggles and strategies that went into their companies. How do you find funding or investment targets in Tokyo? How do Japanese tech founders differ from their Silicon Valley counterparts? What does it take to build a service that can thrive in both the Japanese and global marketplace? Where is the Japanese internet lagging behind or leaping ahead of the rest of the world? For those interested in creating a startup connected to Japan or anyone curious about the multi-layered questions of Japanese business psychology, this book is the closest you can come to sitting in the same room with the brightest minds in the Tokyo tech scene today.

Acknowledgements New Frontiers in Entrepreneurial Fundraising Pau Sendra-Pons, Dolores Garzon, María-Ángeles Revilla-Camacho, 2023-09-19 This book on entrepreneurial fundraising combines rigor and applicability to train current and prospective entrepreneurs in the financing processes. Through its diverse set of chapters, it reviews the latest financing tools and dynamics, the most pressing dilemmas, as well as practical examples of ideal methods in the economic financial management of startups. This book analyzes the financing methods available to entrepreneurs from a practical perspective. Expert authors also present insights on topics such as the role of incubators and accelerators in entrepreneurial fundraising, crowd-based entrepreneurial fundraising, instruments, factoring, leasing, and confirming for entrepreneurs, government grants, subsidies, and tax reliefs, business angels, and venture capital firms, access to capital markets through initial public offerings, and financing with crypto assets. The book concludes with a discussion on emerging issues in the entrepreneurial finance paradigm, namely transparency and legitimacy, and corporate governance in startups, and additionally provides a practical toolkit for fundraising with the main mistakes, how to win over investors, success stories, and resounding failures. The editors, with extensive experience in advising entrepreneurs from a professional and academic perspective, have made a considerable effort to draw a learning roadmap that can be especially useful for entrepreneurs.

Therefore the resulting book may be of great interest to entrepreneurs and anyone interested in learning more about the financing process for entrepreneurs
