Ultimate Option Strategy Guide:

The Ultimate Options Trading Strategy Guide for Beginners Roji Abraham, 2017-07-16 Make a steady part time income from trading options month after month If you are a beginner to the world of options trading this is the only book you will need to learn the basics of the game and to start earning a handsome income consistently every month The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in Most of the few that venture out into this terrain with half baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options then this is the right book for you As a beginner s guide into the world of options trading here s what this book contains What Stock Options are in simple terms The various types of options and the common terms used in options trading The underlying principles of options trading using easily understandable scenarios Basic mistakes made by beginners and how to avoid them Six great strategies with real case studies to that teach you how to consistently make profits while controlling your risk Note As an added bonus this book also gives you access to downloadable worksheets you can use to calculate the potential returns and risk exposure for any strategic trade you want to get into or to even just carry out paper trades This book adopts an unsophisticated approach to teach options trading to just about anybody Therefore if you are looking for a place to start learning about options trading and how to earn off it look no further
