Un Arab Human Development Report:

Arab Human Development in the Twenty-first Century Bahgat Korany, 2014-10-01 With its emphasis on the primacy of change this study arrives at a particularly auspicious moment as the Middle East continues to be convulsed by the greatest upheavals in generations which have come to be known as the Arab Spring Originally prepared as the tenth anniversary volume of the UNDP's Arab Human Development Report Arab Human Development in the Twenty first Century places empowerment at the center of human development in the Arab world viewing it not only from the vantage point of a more equitable distribution of economic resources but also of fundamental legal educational and political reform The ten chapters in this book follow closely this political economy framework They look back at what Arab countries have achieved since the early 2000s and forward to what remains to be done to reach full development Supported by a wealth of statistical material they cover the rule of law the evolution of media the persistence of corruption the draining of resources through armed conflict the dominance and increase of poverty the environment and religious education The concluding chapter attempts an inventory of the world literature and different experiences on democratic transition to explore where the region could be heading This critical and timely study is indispensable reading to development specialists and to Middle East scholars and students alike as well as to anyone with an interest in the future trajectory of the region The Arab Human Development Report, 2009 **Arab Human Development Report 2009** United Nations Development Programme. Regional Bureau for Arab States, 2009 The Arab Human Development Report aims at building human development in the Arab world Gender inequality is generally recognized as one of the main obstacles to development in the Arab Region This volume of the report focuses on the history and contemporary dynamics of Arab women's economic political and social empowerment It details the processes in which gender impacts on Arab development while suggesting means of overcoming some of the challenges and building more equitable societies **Human Resources and Development in the Arabian Gulf** The Emirates Center for Strategic Studies and Research, 2010-08-26 The six member states of the Gulf Cooperation Council GCC have achieved substantial development progress in recent decades as is evidenced by their high rankings within the United Nations Development Programme's Human Development Index HDI Despite these achievements however the process of development in the GCC states still faces numerous challenges the most significant of which relate to national human resources Indeed it is fair to say that the success of ongoing development efforts in the GCC states will largely be decided by how they manage employ and develop their human capital This book comprises a valuable collection of the papers presented at the ECSSR 14th Annual Conference Human Resources and Development in the Arabian Gulf held in Abu Dhabi on February 2-4 2009 The papers contained herein represent a contemporary examination of the different development strategies available to the GCC states the challenges facing human resource development in the GCC countries the problems facing GCC labor markets opportunities and potential for investment in human capital the many obstacles to sustainable development in the Gulf and

Egypt and the Politics of Change in the Arab Middle East Robert Bowker, 2010-01-01

The situation unfolding in Egypt and elsewhere in the Arab Middle East has important implications for the future of the Arab political order For the first time a secular but inclusive political alternative to Islamism has emerged It has captured the political imagination of the emerging Arab middle class It will shape the regional security environment Its consequences are unpredictable but the greatest risk to the region is the marginalization and alienation of a movement that has raised and galvanized its political horizons Robert Bowker In his book *Egypt and the Politics of Change in the Arab Middle East* Professor Robert Bowker argues that if regimes fail to address effectively the demands for empowerment of its educated youth they face the prospect of a tsunami like current of instability and regression Ambassador Bowker's new book achieves the challenging objective of making a contribution to scholarship on Egypt and the Arab world while being accessible to a general audience He addresses the key drivers of change such as globalization and Islamicization and the entrenched attitudes behavior and institutions they confront Drawing upon an impressive array of empirical information case studies and first hand observations he both illustrates and assesses the contending forces and the likely outcomes of their confrontations Robert Springborg Naval Postgraduate School Monterey US This book is certain to be a valued and respected addition to the literature on the eve of a potentially transformational moment in Egyptian history and thus possibly for the Arab world as well Jerrold D Green Pacific Council on International Policy Los Angeles US In this illuminating and informed book Robert Bowker tackles the prospects for change in the contemporary Arab world He persuasively argues that while long term demographic educational and social transformations pose formidable challenges for the future the important issues of political reform Islamism and regional security are contestable The message that this book so engagingly conveys is that change is both inevitable and not necessarily to be feared It is a refreshingly constructive and timely reminder for all who would see the new Middle East as destined to be volatile and precarious James Piscatori Durham University UK Dr Bowker's study provides the best encapsulation and explanation of changes in the Arab world's social and economic landscape in an age of faster and deeper interdependence Measured and sober in its analysis and challenging in its conclusions it should be read by all those who want to have a better understanding of the Middle East in general and Egypt in particular Amin Saikal The Australian National University *Egypt and the Politics of Change in the Arab Middle East* is a forward looking analysis of the relationship between economic and political reform in Egypt and of the evolving nature of Arab society and political culture both in Egypt and elsewhere Writing from the perspective of a recently retired ambassador with extensive Arab regional experience Robert Bowker discusses the potential impact of systemic resistance to pressures for greater transparency accountability and political reform amid ongoing demographic educational and generational changes His analysis encompasses the military and security services the influence of the shadow state and the impact of social

surveillance coercion and corruption Looking ahead he discusses emerging business models returning Arab expatriates the gradual empowerment of women and the impact of Islam He considers the political sustainability of economic reform including the challenges facing marginalized groups His analysis concludes by reviewing the regional security and political context of reform the importance of political leadership over the coming decade and the role of external parties Compelling insightful and thought provoking the book provid Comparative Perspectives on Environmental Policies and Issues Robert A. Dible,2014-01-10 Comparative Perspectives on Environmental Policies and Issues presents tools and concepts about environmental policies in several developed and developing countries It explores a broad survey of ecological modernization theory ecological feminism theory environmental justice theory the concept of sustainability and research on environmental policies Data were collected through surveys interviews and focus groups and are used to analyze social economic and environmental impact on people The book specifically discusses how the earth s basic life supporting capital soils forests species fresh water and oceans is degraded or depleted to provide for human needs and how air pollution and acid precipitation are causing widespread injury to humans forests and crops Realistically over taxing of natural resources and ecological systems throughout the world has promoted economic growth and created increasing opportunities for people while also advancing social injustice The use of the environment to accomplish social and economic transformation raises fundamental issues for the study of environmental policy and the natural ecological system As human beings exploit the natural environment to meet present needs they often will destroy resources needed for the future generations Thus environmental policies are enacted to ensure that social and economic impacts of the environment are compatible with the limits of natural systems Offering an intuitive and crystal clear explanation of the key concepts and principles of environmental policies and sustainable development this volume is suitable not only for environmental science students but also for instructors practitioners researchers and academics The Greater Middle East Initiative United States. Congress. Senate. Committee on Foreign Relations,2004 OECD Public Governance Reviews Governing for Sustainable Prosperity in the Middle East and North Africa OECD,2024-10-21 Cross cutting global and regional challenges have triggered or reinforced efforts by government in the Middle East and North Africa to undertake public governance reforms These reforms aim to build sustainable and resilient administrations that better meet development objectives and citizens expectations To support these efforts the report looks at developments in key areas of public governance in the Middle East and North Africa over the past decade It discusses governments strategic commitments governance arrangements capacities and practices to implement public governance reforms to achieve four main objectives 1 growing sustainably 2 spending public resources efficiently 3 delivering services effectively and 4 promoting open and inclusive societies The report provides general strategic orientations and identifies areas of opportunity that can be adapted to different contexts needs and priorities **Measuring Sustainable Development Goals Performance** Sten Thore,Ruzanna Tarverdyan,2021-11-27 Measuring Sustainable

Development Goals Performance provides a quantitative and analytical framework for evaluating social economic and environmental policies aiming at the UN sustainable development goals SDGs Continuing their earlier work on multidimensional analysis the authors demonstrate how nations can be ranked in terms of their performance in meeting a given set of SDGs providing numerical calculation of SDGs deficit Their calculations show that even before the arrival of the COVID 19 virus there existed in several large Western nations undetected pockets of SDG deficits such as in the care for the elderly personal safety and hygiene Extending the calculations to cover COVID 19 data for 2020 it turns out that the same deficit nations also suffered excess death rates caused by the virus This book offers a balanced and holistic paradigm for evaluating progress of the SDGs assisting the convergence of national and international efforts toward economic development social progress and environmental protection 2023 PROSE Awards Winner Category Single and Multivolume Reference and Textbooks in Social Sciences Association of American Publishers Includes novel tools procedures diagnostics and metrics for evaluating the entire spectrum of SDGs in a wide variety of settings Ranks nations according to their social and economic performance based on each nation s unique resource and output indicators Examines international efforts toward shaping a new Social Contract between global partners Delivers a new Calculus of Consent Logical foundation for forging Geneva Consensus for Sustainable Development **Promoting Middle East Democracy II** Mona Yacoubian,2008-10
