Some Soul To Keep:

Some Soul to Keep J. Edward Vaughn, 2015-07-16 Whether you are you Christian Jewish Agnostic or Atheist you will find this story containing and dealing with many important spiritual issues of life both interesting and highly relevant Unlike so many other books on this topic it's not loaded with a lot of antiquated sounding Bible babble but ordinary and logical talk and our Lord is treated in a realistic and understandable manner It is based on a review of several other books on this topic and contains events which were very believably reported by individuals who experienced death and returned to life If nothing else it will help you to think more realistically about spirituality and the next life *Soul to Keep* Rebekah Weatherspoon, 2016-03-15 With every

or just within yourself you can learn how to take control and be a much more balanced much happier person Relationship Self Esteem Depression Empowerment Healing Confidence Personal Power Intuition *Soul Communication* Zhi Gang Sha,2008-10-14 Shares insights into the author s work as an integrative medicine practitioner explaining how the applications of certain spiritual principles and laws can enable healing benefits in all areas of a life Sermons Chiefly Designed to Elucidate Some of the Leading Doctrines of the Gospel Edward Cooper,1838 **The Columbia Guide to Contemporary African American Fiction** Darryl Dickson-Carr,2005-10-14 From Ishmael Reed and Toni Morrison to Colson Whitehead and Terry McMillan Darryl Dickson Carr offers a definitive guide to contemporary African American literature This volume the only reference work devoted exclusively to African American fiction of the last thirty five years presents a wealth of factual and interpretive information about the major authors texts movements and ideas that have shaped contemporary African American fiction In more than 160 concise entries arranged alphabetically Dickson Carr discusses the careers works and critical receptions of Alice Walker Gloria Naylor Jamaica Kincaid Charles Johnson John Edgar Wideman Leon Forrest as well as other prominent and lesser known authors Each entry presents ways of reading the author s works identifies key themes and influences assesses the writer s overarching significance and includes sources for further research Dickson Carr addresses the influence of a variety of literary movements critical theories and publishers of African American work Topics discussed include the Black Arts Movement African American postmodernism feminism and the influence of hip hop the blues and jazz on African American novelists In tracing these developments Dickson Carr examines the multitude of ways authors have portrayed the diverse experiences of African Americans The Columbia Guide to Contemporary African American Fiction situates African American fiction in the social political and cultural contexts of post Civil Rights era America the drug epidemics of the 1980s and 1990s and the concomitant war on drugs the legacy of the Civil Rights Movement the struggle for gay rights feminism the rise of HIV AIDS and racism s continuing effects on African American communities Dickson Carr also discusses the debates and controversies regarding the role of literature in African American life The volume concludes with an extensive annotated bibliography of African American fiction and criticism
